Product short description:

The Stellina Argento Nastrini Militari is a small silver star accessory made to add a touch of distinction to military uniforms and formal dress. It is suitable for service members, collectors, reenactors, and anyone who appreciates traditional military insignia and understated symbolism.

- **Material:** High-quality silver with a bright, light-catching finish.
- **Use:** Decorative insignia for ribbon bars, uniforms, or formal attire.
- **Symbol:** Represents honor and tradition in a compact form.
- **Ideal for:** Collectors and enthusiasts of military history.

Product description:

Product overview

The Stellina Argento Nastrini Militari is a small silver five-point metal star made for military and police ribbon bars and service awards. It is intended for service members, police officers, collectors of military surplus, and anyone fitting duty or ceremonial ribbons.

Definition: This is an 8 mm silver metal ribbon star designed to mark missions, years of service, or classes of orders on a ribbon. It is a compact ribbon device that adds official recognition to uniforms and collectible ribbons.

Main features

Simple, durable and discreet, the star is designed for easy placement on standard service ribbons and ceremonial orders.

- **High-quality material:** Made from silver metal for a durable finish.
- **Classic design:** Five-point star with a refined, professional look.
- **Compact size:** 8 mm diameter for a subtle appearance on ribbons.
- **Versatile use:** Suitable for military, police, and award ribbons or orders.
- **Easy to position:** Designed to be fitted at the center of ribbon bars.

How to use / When it’s useful

Quick answer: Fit the Stellina Argento at the center of a ribbon bar or service ribbon where space and ribbon construction allow. In most cases, it slides or is positioned on the ribbon surface to mark missions, seniority, or classes of an order.

This star is useful when you need a small, clear marker of merit on a duty or ceremonial uniform, or to complete a military surplus display. Check the ribbon width and attachment method before fitting to ensure a stable hold and appropriate placement.

Care and notes

Keep the star looking its best with basic care and handle it gently due to the small size.

- Avoid strong chemicals or abrasive cleaners that could damage the finish.
- Store dry and separate from softer materials to prevent scratches.
- Check ribbon construction and fitting method for stable attachment before regular wear.
- Small size: keep away from children and handle carefully to avoid loss.

FAQ

Q: What are the exact dimensions of the Stellina Argento Nastrini Militari?

A: The star measures 8 mm in diameter. It is a compact ribbon device intended for standard service ribbons.

Q: What material is the star made of?

A: The item is made from a high-quality silver metal finish as stated in the product description. It

is not specified as precious metal.

Q: Can I use this on all types of ribbon bars?

A: It is designed for ribbon bars and service ribbons where the ribbon width and surface allow a small center device. Confirm your ribbon’s construction for secure placement.

Q: Is the star suitable for police and military uniforms?

A: Yes. The Stellina Argento is intended for use on military and police ribbons to indicate missions, seniority, or classes of orders, depending on your organization’s regulations.

Q: Are there other sizes or colors available?

A: Currently the product is available in the silver metal finish and in the 8 mm size as described. Check the product options if different variants are later listed.

Q: How do I attach or secure the star to the ribbon?

A: The star is designed to be fitted at the ribbon center; exact attachment depends on your ribbon’s design. Inspect the ribbon and use the appropriate method for a stable fit without modifying official awards.

Tip: Choose the correct size and check ribbon compatibility before purchase; browse related ribbon devices and accessories to complete your uniform or military surplus collection.
