How to use / When it’s useful

Wear the badge centered on the beret as part of official uniform dressing or attach it to a display or collection case. It is designed for regular use on service headgear and for collectors who maintain authentic military surplus displays.

Quick answer: attach using the rear piccaglia fastener so the badge sits flat and secure on the beret. In most cases, delivery or sale is allowed only after verification of military ID or presentation of the collector's license under art. 28 TULPS.

Basic care preserves finish and attachment integrity; follow purchase and verification rules.
