How to use / When it’s useful

Quick answer: attach the Velcro patch to the matching loop area on your uniform—choose the large size for operational/tactical dress and the reduced size for polos. In most cases, the Velcro system allows fast removal and repositioning for different duty or off-duty garments.

The patch is useful when clear identification is needed on duty, during training, or for official appearances. Remember that purchase requires proof of membership or the appropriate collector licence, so prepare documentation before ordering.

Care and notes

Keep the patch secure and clean for long life; follow standard care for Velcro attachments and uniform components.

- Remove and clean the loop/Velcro areas periodically to maintain adhesion.
- Store flat and avoid prolonged exposure to abrasive surfaces.
- Sale limited to Carabinieri members or collectors with prefectoral license (art. 28 TULPS).
- To purchase, provide a copy of your service ID or specify the station/legion address for delivery as proof of affiliation.
