Product short description:

A compact MTech folding knife with a black blade, designed for practical everyday carry and field use. Its simple, durable design suits hikers, campers, handymen and collectors who want a reliable folding blade without unnecessary complexity.

- **Brand:** MTech
- **Blade:** Black-finished blade for lower visibility and routine cutting tasks.
- **Action:** Spring-assisted folding mechanism for quick opening.
- **Use:** General EDC, outdoor activities and light utility work.

Product description:

Product overview

The Coltello MTech Pieghevole Spring Black Blade is a compact folding knife designed for users who need a reliable utility and tactical-style tool for camping, everyday tasks, and duty use.

Definition: it is a folding pocket knife combining a 440 steel blade with a desert pixel aluminum handle and emergency tools.

Built for practical use, this model balances corrosion-resistant materials and a secure carry clip, making it suitable for outdoor, tactical, and police or duty-style applications where a sturdy, easy-to-carry knife is required.

Main features

Key specifications and features at a glance:

- **Blade material:** 440 stainless steel — good corrosion resistance and durable edge retention.
- **Blade size:** 9.5 cm long, 3 cm wide for precise cutting tasks.
- **Handle:** Aluminum in desert pixel finish with a rear pocket/belt clip for secure carry.
- **Emergency tools:** Integrated glass breaker and seatbelt cutter at the blade end.
- **Overall length:** 22 cm when open, compact when folded for pocket carry.

How to use / When it’s useful

Use this folding knife for general cutting tasks, campsite chores, light-duty tactical work, and as part of an emergency kit. The clip allows quick attachment to a belt or pack for easy access during outdoor activities or daily carry.

Quick answer: it’s useful for everyday carry, camping, and basic duty/tactical needs. In most cases, you should store it folded with the blade clean and dry and use the seatbelt cutter or glass breaker only in emergency situations.

Care and notes

Maintain the knife to ensure lasting performance and safe use.

- Clean and dry the blade after use to prevent corrosion; light oiling helps protect the steel.
- Sharpen the blade with appropriate stones or sharpeners for 440 steel to maintain cutting performance.
- Use the glass breaker and seatbelt cutter only in emergencies and follow safe handling practices.
- Check local laws and regulations before carrying this knife, as restrictions vary by area.

FAQ

Q: What is the blade made of?

A: The blade is made from 440 stainless steel, known for decent corrosion resistance and good

edge retention for general use.

Q: Does the knife have a carry clip?

A: Yes. The aluminum desert pixel handle includes a rear clip for attaching the knife to a belt, pocket, or pack for convenient carry.

Q: What are the knife dimensions?

A: Overall length is 22 cm when open. The blade is 9.5 cm long and 3 cm wide. Dimensions are compact for pocket or pack carry.

Q: What emergency features does it include?

A: The knife has an integrated glass breaker and a seatbelt cutter on the end, intended for emergency rescue situations.

Q: Is this knife suitable for everyday carry and tactical use?

A: Yes. It is designed for everyday utility tasks and can fit tactical or duty-style needs, but always follow local carry laws and workplace rules.

Q: What about the opening mechanism?

A: The product is a folding model. For specific details about assisted opening or lock type, please check the seller’s listing or product label.

Tip: Choose the right variant or size for your needs and browse related tactical, military surplus, and duty gear to complete your kit. Consider pairing this knife with a maintenance kit or protective pouch for longer service life.
