Product short description:

GUS Carabinieri buttons are decorative uniform buttons for collectors, tailors, and anyone restoring or customizing garments inspired by the Carabinieri. They combine classic design with robust construction suitable for both display and wear.

- **Material:** Made from high-quality materials for lasting appearance and reliable use.
- **Use:** Suitable for official-style uniforms, heritage restorations, or adding a distinctive touch to civilian garments.
- **Finish:** Polished to retain a bright original look and resist dulling with normal use.
- **Craftsmanship:** Finely worked to reflect the pride and tradition of the Carabinieri.

Product description:

Product overview

Nickel-plated metal buttons for the Grande Uniforme Storica (GUS) of the Carabinieri, made for ranks such as Marescialli, Brigadieri, Appuntati and Carabinieri. These buttons are a uniform component designed to restore or complete the ceremonial jacket with the correct appearance

and fit.

Definition: a full set of 26 nickel-plated metal buttons, sized and finished for use on the historic ceremonial uniform. Ideal for military surplus collectors, tactical uniform maintenance, and police ceremonial dress.

Main features

Carefully produced buttons with a classic, sober design that match the traditional look of the GUS.

- **Material:** nickel-plated metal for improved corrosion resistance and lasting shine.
- **Shape and finish:** hemispherical form with a smooth surface for an elegant, formal appearance.
- **Size:** 18 mm diameter, the standard size for the GUS jacket.
- **Set composition:** complete bottoniera of 26 pieces for a full uniform.
- **Arrangement:** two rows of nine buttons on the front, three buttons per fake pocket on the flap, and two central buttons on the back.

How to use / When it’s useful

Use these buttons to replace worn or missing fasteners on the Grande Uniforme Storica, or to finish a restored or new ceremonial jacket. They are suitable for formal events, parades, commemorations and display uniforms.

Quick answer: install the full 26-piece set to preserve the authentic GUS look. In most cases, purchasing the complete bottoniera ensures matching finish and correct placement across front, pockets and back.

Care and notes

Simple care maintains appearance and longevity; the nickel plating helps resist wear but benefits from gentle cleaning.

- Clean with a soft cloth and mild soap; rinse and dry thoroughly.
- Avoid abrasive cleaners or rough scrubbing to preserve the plated finish.
- Buy the complete 26-piece set to ensure uniformity in fit and appearance.

FAQ

Q: What material are these buttons made of?

A: They are made of nickel-plated metal. The plating improves resistance to corrosion and keeps a bright, formal finish over time.

Q: What is the diameter of each button?

A: Each button measures 18 mm in diameter, the standard size used on the Grande Uniforme Storica jacket.

Q: How many buttons are required for a complete GUS?

A: A complete GUS requires 26 buttons: two rows of nine on the front, three per fake pocket on the flap, and two central buttons on the back.

Q: Can I buy individual buttons instead of the full set?

A: The product is supplied as a full 26-piece bottoniera to ensure consistent finish and correct matching across the uniform.

Q: How long does shipping usually take?

A: Shipping times are typically 2–3 working days, depending on the carrier and destination.

Q: Are these buttons suitable for official ceremonial use?

A: The buttons are produced to match the specifications commonly required for the Grande Uniforme Storica and are intended for use on ceremonial jackets.

Tip: Choose the full 26-piece set to ensure consistent appearance across the uniform. Check your jacket layout and ranks before ordering, and consider browsing related uniform accessories for a complete ceremonial kit.
