Product overview

The Cordoniere Avvocato Cassazionista is a pair of decorative cords and tassels made for lawyers who wear the Italian Cassation Court robe. It is intended for legal professionals seeking a refined, traditional finishing touch for their toga.

Definition: A cord set (pair) consisting of a 6 mm cord and a closed tassel, made for attachment to the Avvocato Cassazionista robe. Keywords: legal robe accessories, ceremonial robe cords, professional duty attire.

Main features

Quality materials and careful construction combine to offer a durable, formal accessory that fits standard robes.

- **Pair:** Supplied as a set of two matching cordoniere (pair).
- **Cord size:** 6 mm cord with a closed tassel.
- **Material:** Gold lamé interwoven with black rayon for a discreet, formal appearance.
- **Tassel structure:** Rigid core with a stem and the tassel proper; the stem is wrapped in braided gold thread.
- **Passant (loop):** Made from four wraps of the same cord, fixed at mid-strand to allow passage through the sleeve opening.
- **Decorative finish:** Stem topped with two turns of spiraled metallic braid for a neat finish.
- **Size:** One size fits all standard toghe (robes).

How to use / When it’s useful

Attach the cordoniere by passing the loop through the sleeve opening of the robe so the tassel hangs correctly at the front. They are primarily decorative and signal formal rank and style on the Cassation Court toga.

Quick answer: Use them to complete the formal appearance of the Avvocato Cassazionista robe. In most cases, the one-size design fits standard robes without alteration; if unsure, check your robe sleeve opening before purchase.

Care and notes

Simple care preserves the appearance: store flat or hung to avoid crushing the tassels and avoid prolonged exposure to moisture or abrasive handling.

- Keep dry and store in a clean, dust-free place.
- Do not machine wash; spot clean gently if needed to preserve lamé and rayon threads.
- Avoid heavy pulling on the cord to prevent loosening the wraps or the tassel core.
