Product short description:

The Official Carabinieri Sabre is a ceremonial sword associated with the Carabinieri. Suitable for collectors, ceremonial units, reenactors, and as a display piece with dress uniforms.

- **Material:** Specific materials are not listed in the title—please check photos or contact the seller for details on the blade, hilt and scabbard.
- **Use:** For ceremonial wear, uniform display, historical reenactment and private collections.
- **Condition:** Varies by individual listing; refer to the item description and images for exact condition and provenance.
- **Notes:** Listing preserves the official Carabinieri designation; request measurements or authenticity documentation if needed.

Product description:

Product overview

The Official Carabinieri Sabre is a ceremonial sabre intended for officers of the Arma dei Carabinieri and for civilians who hold the required prefectural licence. Definition: a slightly curved, four-branch-guard sabre used for formal dress and ceremonial duties.

It combines traditional styling with practical handling: a slightly curved blade, a four-branch guard

(three branches oblique and curved) and an ergonomic grip without finger grooves. Suitable for military surplus collectors, tactical/police ceremonial use and duty appearances.

Main features

Key construction and fit details designed for correct carriage and stable wear.

- **Slightly curved blade:** improves handling for parade and ceremonial movements.
- **Four-branch guard:** three oblique, curved branches that protect the hand and add formal style.
- **Grip without finger grooves:** ergonomic design for a secure, comfortable hold.
- **Precise ferrule spacing:** first ferrule at 7 cm and second at 20 cm from the scabbard opening for stability.
- **Proportioned length:** when sheathed and placed on the ground, the grip top should be about 15 cm below the waist.
- **Wear and accessories:** worn on the left side and can be paired with a dragona and/or pendaglio.

How to use / When it’s useful

Wear the sabre on the left hip as part of formal uniform; pair it with the dragona and/or pendaglio where required. Measure the correct length in a straight line from the navel (perpendicular) to the ground to ensure comfortable carriage and extraction.

Quick answer: this sabre is for official ceremonial use by Carabinieri personnel and authorised civilians with the correct licence. In most cases, it is used for parades, official ceremonies and formal duty appearances where regulation fit and ease of draw are important.

Care and notes

Basic handling and purchase notes to keep the sabre compliant and functional.

- Do not exceed the recommended length; a longer sabre can make extraction difficult.
- Sale is restricted to Arma dei Carabinieri personnel and authorised civilians; verification is required.
- Purchase requires submission of a copy of the service ID or attestazione di servizio; civilians must provide the licence prefettizia under art. 28 TULPS.
- Payment and delivery restrictions apply: the sabre is not purchasable via PayPal and delivery to the unit command may be required for verification.

FAQ

Q: Who can buy the Official Carabinieri Sabre?

A: Carabinieri personnel are eligible. Civilians may purchase only if they hold the prefectural licence under art. 28 TULPS and provide the required documentation.

Q: What documents do I need to purchase?

A: Carabinieri must send a copy of their service ID or an attestazione di servizio. Civilians must provide the valid licence prefettizia as required by law.

Q: Can I pay with PayPal?

A: No. This sabre is not available for purchase via PayPal. Other payment methods and verification steps will be explained during checkout.

Q: How is the correct sabre length calculated?

A: Measure in a straight, perpendicular line from the navel to the ground. When sheathed and placed on the ground, the top of the grip should be about 15 cm below the waist.

Q: How should the sabre be worn?

A: The sabre is worn on the left side and may be used with the dragona and/or pendaglio according to uniform rules. Ensure correct ferrule placement for stable carry.

Q: What happens after I submit my documents?

A: Submitted documents are verified before purchase filters are removed. Delivery may be arranged to the command location to confirm eligibility if required.

Tip: Choose the correct length variant based on your stature (measure from navel to ground) and check related ceremonial accessories such as dragona and pendaglio to complete the formal set. Browse similar duty and military surplus items to find matching gear.
