Product overview

The pair of Tubolari Plastica Kaki Maggiore Esercito are plastic rank slides designed for the shirt, sweater or raincoat of a Maggiore (Major) in the Italian Esercito. They are intended for serving Army officers and verified collectors who hold the required authorization.

Definition: These are kaki plastic shoulder tubolari (rank slides) bearing a gold-framed turreted crown topped by a five-point gold star, used to identify a senior officer’s rank. Ideal for military surplus, tactical, or duty uniform applications.

Main features

Compact, lightweight and visually distinct rank tubolari, made for practical daily wear on service uniforms.

- **Material:** Durable kaki plastic — lightweight and economical compared with metal or cloth ranks.
- **Design:** Gold frame with a gold turreted crown and five-point star at the center, signalling authority and prestige.
- **Dimensions:** Pair measures 6 cm (width) x 9 cm (height).
- **Fit:** Suitable for application on shirt, sweater or raincoat.
- **Heritage:** Introduced to Italian military uniform use in 1946.

How to use / When it’s useful

Quick answer: Slide the tubolari onto the shoulder seam of the shirt, sweater or raincoat where rank slides are worn; ensure proper alignment so the emblem faces outward and is clearly visible. In most cases, they are fitted over existing shoulder straps or sewn-in sleeves depending on uniform type.

These tubolari are useful whenever you need a clear, lightweight rank indicator for duty uniform, ceremonial wear, or when replacing older metal or cloth ranks. They work well for military surplus collectors and for routine operational use on tactical or duty garments.

Care and notes

Simple care preserves appearance and longevity; store flat and avoid prolonged exposure to heat that could deform plastic.

- Keep clean with a damp cloth; avoid solvents or abrasive cleaners.
- Store flat in a cool, dry place to prevent warping.
- Sale restricted: purchase requires a copy of the tesserino proving Esercito membership or, during registration, listing the barracks as the delivery address.
- Collectors must provide a prefectoral license (licenza prefettizia) under ex art. 28 TULPS to buy this product.
