- **Use:** Suited to ceremonies, formal events and dress uniform applications.
- **Fit:** Easy to apply and holds securely for consistent positioning.
- **Finish:** Gold finish and refined styling to add an elegant, professional touch.

Product description:

Product overview

These Galloni Dorati Soggolo Sotto Tenente Maggiore are gold canutiglia metal rank stripes

designed for attachment to cap soggoli, aimed at officers who want a polished, professional look. They suit formal uniforms used in military, tactical, police, or duty settings.

Definition: a pair of gold canutiglia metal galloni (17 mm × 7 cm) made to be folded around the cap soggolo and placed at temple level.

Main features

Quality construction and a clean, professional design make these galloni suitable for officer ranks; they come as a matched pair and are finished with black edging for contrast.

- **Material:** made from gold canutiglia metal for durability.
- **Dimensions:** 17 mm wide and 7 cm long each.
- **Finish:** black border for a refined contrast.
- **Pair:** supplied as a matched pair for both sides of the cap.
- **Fits ranks:** designed for Sotto Tenente and Maggiore.
- **Application:** length suitable for folding around the soggolo and positioning at the temples.

How to use / When it’s useful

Quick answer: fold each gallone around the cap soggolo and place it at temple height so it sits evenly on both sides. They are intended for use on officer headwear during formal duties and ceremonies.

In most cases, these galloni are fitted once when preparing the uniform for official events; they are also suitable for daily duty wear where rank visibility is required. Handle gently when bending to keep the finish intact.

Care and notes

Basic care keeps the galloni looking their best and preserves the metal finish.

- Wipe with a soft, dry cloth after use to remove dust and sweat.
- Avoid abrasive cleaners or strong chemicals that could affect the finish.
- Store in a dry place to prevent tarnish or corrosion.
- Handle carefully when bending around the soggolo to avoid deforming the shape.

FAQ

Q: What are the galloni dimensions?

A: Each gallone is 17 mm wide and 7 cm long, sized to fold around the cap soggolo and reach the temple area.

Q: What material are the galloni made of?

A: They are made from gold canutiglia metal, chosen for strength and a traditional appearance.

Q: For which ranks are these galloni intended?

A: These galloni are designed for Sotto Tenente and Maggiore ranks, suitable for officer headwear.

Q: How do I apply the galloni to the soggolo?

A: Fold each gallone around the soggolo and position it at temple height on both sides so they align symmetrically.

Q: Are the galloni sold as a pair?

A: Yes, they are supplied as a matched pair for both sides of the cap.

Q: Is availability limited?

A: Availability can be limited due to steady demand and the specific material finish; check current stock before ordering.

Tip: Choose the correct variant and check measurements (17 mm × 7 cm) before adding to cart, and browse related military, tactical, or duty items to complete your uniform set.
