How to use / When it’s useful

Quick answer: Wear the sash from the right shoulder across the chest to the left hip for official ceremonies, inaugurations, parades and civic duties. The bow sits at the waist and is secured with Velcro for a neat fit.

In most cases, this sash is used by mayors and municipal representatives during formal events and public functions where official regalia is required. Provide the municipality name or emblem images and the wearer’s height plus the length from the right shoulder to the hip when ordering so the sash fits correctly.

Care and notes

Treat the sash as a delicate, tailored ceremonial garment to preserve its appearance and embroidery.

- Handle gently and store flat or on a padded hanger to avoid creasing.
- Prefer professional or delicate cleaning methods for mixed-silk textiles and metallic fringes.
- Provide accurate measurements (height and shoulder-to-hip length) and municipality artwork at order time to ensure proper fit and correct emblems.
- Limited availability due to custom production—allow the stated lead time when planning for

events.
