Product overview

The Number 9 for Cappello Alpino is a gold-colored metal numeral made for the 9° Reggimento Alpini L'Aquila. It is intended for collectors, uniform restorers, reenactors and military surplus or tactical gear buyers who want an authentic Alpini hat detail.

Definition: a small gold metal badge shaped as the number 9, sized to fit the central tondino (disc) of the Alpini hat badge.

Main features

Compact, durable and designed to match the Alpini badge layout for a faithful appearance.

- **High-quality material:** gold-colored metal for durability and long-term use.
- **Authentic design:** made specifically for the 9° Reggimento Alpini L'Aquila to preserve historical look.
- **Easy installation:** foldable tabs on the ends allow quick fitting to the tondino without special tools.
- **Removable:** can be removed and reapplied without damaging the hat when handled carefully.
- **Compact size:** 10 mm height x 8 mm width, sized for the central disc of the cappello alpino.
- **Oxidation resistance:** metal is treated to help maintain its finish over time.

How to use / When it’s useful

Quick answer: position the number over the tondino and bend the small tabs inward at the attachment points to secure it. In most cases the fit is tight and no tools are required.

Use this numeral when restoring an Alpini hat, completing a uniform for display or reenactment, or adding an authentic detail to military surplus and tactical gear. It is useful for collectors and professionals needing an accurate regiment identifier.

Care and notes

Simple care keeps the numeral looking its best; handle the tabs gently during fitting and avoid harsh cleaners.

- Gently fold the tabs to avoid bending the numeral out of shape.
- Avoid abrasive chemicals; clean with a soft, dry or lightly damp cloth if needed.
- Although treated against oxidation, store in a dry place to preserve the finish.
- Limited stock may be available due to demand; check availability before finalizing larger orders.

FAQ

Q: Is this number compatible with all cappello alpino badges?

A: Yes, it is designed to fit the central tondino of standard Alpini hat badges. The compact 10 mm x 8 mm dimensions suit most models.

Q: Is it difficult to apply?

A: No, application is straightforward. Fold the small tabs at the ends inward at the chosen attachment points. Most people can fit it by hand without tools.

Q: Will the gold finish oxidize over time?

A: The metal is treated to resist oxidation and retain its appearance. Normal exposure and proper storage will help maintain the finish.

Q: Can I remove the number after applying it?

A: Yes. It can be removed and reattached if needed. Be careful when unfolding and refolding tabs to avoid deforming the piece or the hat.

Q: What are the exact dimensions?

A: The numeral measures 10 mm in height and 8 mm in width, specifically sized for the tondino of the cappello alpino.

Q: Is this an official military-issued item?

A: This product is a gold-colored metal numeral intended to represent the identifier for the 9° Reggimento Alpini L'Aquila. It is offered for collectors, restorers and buyers of military surplus and tactical gear.

Tip: Choose the correct size and inspect your hat's tondino before purchase. Browse related Alpini badges and restoration items to complete your hat while keeping a consistent, authentic look.
