Product short description:

Gold rank braid for Lieutenants and Lieutenant Colonels, providing a refined, authoritative accent for dress and service uniforms. Ideal for officers seeking a polished, professional appearance for ceremonies or everyday wear.

- **Material:** Made from high-quality materials with a bright gold finish for an elegant look.
- **Use:** Suitable for ceremonial dress, formal events and regular uniform wear.
- **Design:** Precise workmanship and a lustrous gold tone that attracts attention without excess.
- **Durability:** Constructed to resist wear and retain shape and shine over time.
- **Compatibility:** Designed to fit standard officer insignia positions on uniforms.

Product description:

Product overview

Galloni Dorati Soggolo Tenente Colonnello are gold canutiglia metal trim pieces for cap brims, designed for officers and collectors who need a clean, professional look for Lieutenant or

Lieutenant Colonel caps. They suit dress, ceremonial, duty and police or military surplus use.

Definition: these are 17 mm wide, 7 cm long gold canutiglia metal galloons sold as a pair to be folded around the cap brim at the temples.

Main features

Quality construction and simple, formal design make these galloons a practical upgrade for officer headgear.

- **Material:** gold canutiglia metal for a durable metallic finish.
- **Size:** 17 mm width and 7 cm length each—sized to fold around the brim.
- **Design:** black-edged borders for refined contrast and visibility.
- **Fit:** made for Lieutenant and Lieutenant Colonel cap brims; adaptable to similar styles.
- **Sold as a pair:** one for each side of the brim.
- **Easy to install:** flexible enough to be shaped around the soggolo (brim band).

How to use / When it’s useful

Quick answer: fold each galloon around the cap brim and position it at the temples for a neat, authoritative appearance. They are mainly for dress and ceremonial caps but work for many duty or police-style brims too.

In most cases, installation is manual and tool-free—bend gently to match the brim curvature. Use them when you need a consistent, professional look for formal occasions, inspections, or display in a military surplus collection.

Care and notes

Basic care keeps the galloons looking their best and helps avoid damage during handling or storage.

- Wipe with a soft, dry cloth; avoid abrasive cleaners or solvents.
- Handle gently when bending to fit; do not crease sharply.
- Check fit on your cap brim before final positioning.
- Sold in limited quantities—availability may vary.

FAQ

Q: Are the galloons sold individually or as a pair?

A: They are sold as a pair—one galloon for each side of the cap brim.

Q: What material are the galloons made of?

A: The galloons are made of gold canutiglia metal, chosen for its metallic finish and durability.

Q: Will they fit all types of caps?

A: They are designed for Lieutenant and Lieutenant Colonel soggoli but can be adapted to other caps with a similar brim band. Always check fit before final placement.

Q: How do I apply them to the brim?

A: Bend each galloon gently around the brim band and position at the temples. No special tools are required; adjust the curvature for a snug fit.

Q: What are the exact dimensions?

A: Each galloon is 17 mm wide and 7 cm long—sized to fold around the soggolo and sit at temple height.

Q: Is stock limited?

A: Yes, these galloons are in high demand and available in limited quantities. If you need a specific pair, consider ordering sooner rather than later.

Tip: Choose the correct size and check compatibility with your cap brim before ordering. Browse related tactical and military surplus cap fittings to complete your uniform or display set.
