Product short description:

The "Fondina Cuoio Sgancio Rapido Tecno Asole" is a high-quality leather holster for users who need quick, reliable access to their device. Suitable for professionals on the move, it blends practical function with a refined appearance.

- **Material:** High-quality leather construction for durability and a polished look.
- **Use:** Designed for fast, secure access to your device; ideal for professionals and daily carry.
- **Fit:** Tecno Asole belt loops ensure a stable, comfortable fit on your belt.
- **Access:** Quick-release system enables a fast draw while maintaining retention.
- **Craftsmanship:** Traditional leatherwork combined with modern details for long-lasting performance.

Product description:

Product overview

The Fondina Cuoio Sgancio Rapido Tecno Asole is a thermoformed VH leather quick-release holster designed for duty, tactical, and civilian carry. It is suited to police, security professionals, and responsible private owners who need a reliable leather holster with fast extraction.

Definition: a VH thermoformed leather holster with a quick-release mechanism and dual-use tecno slots for hip or cross-draw carry. The holster balances secure retention, fast access, and a classic leather finish.

Main features

Key features designed for practical use and compatibility with a wide range of service pistols.

- **Quick Release:** Built-in rapid-release system for fast weapon extraction in urgent situations.
- **VH Thermoformed Leather:** Heat-formed leather that conforms to the firearm for a consistent fit and comfortable carry.
- **Tecno Asole (Dual Use):** Tecno slots allow wearing at the hip (angled) or in a cross-draw position for versatility.
- **Wide Compatibility:** Fits models such as Beretta 92/98, PX4, 90TWO; Glock 17, 22, 19, 23; H&K USP, USP Compact, P2000; Colt all 1911; Sig Sauer 2022; Walther P99.
- **Right or Left Hand:** Model FH1 is available in right- or left-hand versions for proper handed carry.
- **Color Options:** Available in brown or black to match duty gear or civilian style.

How to use / When it’s useful

Quick answer: Wear the holster at the hip for standard carry or use the cross-draw position when seated or when quicker access from the opposite side is needed. The tecno asole system makes switching positions simple.

In most cases, this holster is useful for daily duty, patrol, range use, and tactical training where a leather, quick-release holster is preferred. Check weapon compatibility before purchase and choose the correct handedness (FH1 right or left) for safe and comfortable draw.

Care and notes

Simple care keeps the leather and release mechanism working reliably.

- Wipe clean with a damp cloth; use leather conditioner periodically to prevent drying.
- Verify fit on your firearm before regular use; make sure retention and release function properly.
- Order right- or left-hand FH1 version to match your dominant hand.
- Available in limited quantities due to production; check stock before purchase.

- Always follow safe firearm handling and local laws when carrying or storing a weapon.

FAQ

Q: Which firearm models are compatible with this holster?

A: The holster fits Beretta 92/98, PX4, 90TWO; Glock 17, 22, 19, 23; H&K USP, USP Compact, P2000; Colt all 1911; Sig Sauer 2022; Walther P99. Verify your exact model before ordering.

Q: Is this holster available for left-handed users?

A: Yes. The holster model FH1 is produced in both right- and left-hand versions. Select the correct option when ordering.

Q: What colors are offered?

A: The holster is offered in brown or black to suit duty uniforms or civilian attire.

Q: How do I wear the holster?

A: Use the tecno asole to mount the holster at an angled hip position or convert it to cross-draw. Both positions are stable and allow quick access.

Q: Is the holster durable?

A: Constructed from VH thermoformed leather, the holster is designed for durable daily use. Proper care will extend its service life.

Q: Is the holster often out of stock?

A: This item is made with specific materials and production processes and can have limited availability. If you need one, check stock and order the correct variant promptly.

Tip: Choose the correct handed version (FH1) and color for your needs, confirm compatibility with your firearm, and consider browsing related tactical and duty holsters or belts to complete your setup.
