How to use / When it’s useful

Quick answer: use this fregio to replace a worn badge, restore a ceremonial hat, or add an authentic insignia to a display. It is appropriate for collectors, reenactors, and sellers of tactical or duty gear.

In most cases, attach the fregio to the front of the Cappello Alpino where the historical badge sits; it also works well on display panels or within a military surplus shop presentation. Its size is balanced for appearance without interfering with hat shape.

Care and notes

Handle and store the embroidered badge carefully to preserve the gold thread and red cloth; avoid harsh cleaning methods that could damage the bullion embroidery.

- Avoid machine washing; spot clean gently with a soft cloth and mild detergent if needed.
- Store flat and dry, away from direct sunlight to prevent fading of the cloth.
- Attach carefully to avoid stress on the embroidery and hat material.
- Only available in the gold-on-red combination; check stock before ordering multiple units for bulk use.
