How to use / When it’s useful

Quick answer: Use the statuette as a display piece, award, or meaningful gift for military history enthusiasts and collectors of military surplus, tactical, or police memorabilia. It fits well on desks, shelves, and display cabinets.

In most cases, the Statuina Alpino Bronzo is chosen for its historical character and decorative value rather than functional use. Place it on a flat, stable surface away from direct sunlight and extreme humidity to preserve both bronze and wood.

Care and notes

Simple care keeps the statuette looking its best over time.

- Dust regularly with a soft, dry cloth; avoid abrasive cleaners on bronze.
- Keep the wooden base dry and away from prolonged direct sunlight to prevent warping or finish damage.
- Handle with care: at 4 kg the piece is heavy and should be lifted from the base, not the figure.
- Store or display in a stable location to prevent tipping or accidental damage.

FAQ

Q: What are the exact dimensions?

A: The bronze figure measures 24 cm in height and 10.5 cm in width. With the wooden base the total height is 30 cm.

Q: What materials are used?

A: The statuine is made of bronze and comes mounted on a wooden base, as stated in the product description.

Q: How much does it weigh?

A: The piece weighs 4 kg, giving it a solid, substantial presence suitable for display.

Q: Is it suitable as a gift?

A: Yes. It is a meaningful gift for collectors, veterans, and anyone interested in military history, tactical gear, or police memorabilia.

Q: Is the statuine widely available?

A: Availability is limited and demand is high among collectors. We recommend purchasing promptly if you want to secure one.

Q: Is the statuine fragile?

A: While bronze is durable, the piece should be handled carefully to avoid damaging fine details or the wooden base. Use a stable surface for display.

Tip: Choose the right variant or size for your display and check related military, tactical, or police memorabilia items to complete a themed collection. Consider the weight and base dimensions when selecting a location for display.
