How to use / When it’s useful

Quick answer: wear the nastrino on the service/ribbon bar of the uniform for formal occasions, parades, or official duty where service awards are displayed. The ribbon is sized to match standard ribbon bars and can be combined with other service ribbons.

In most cases, the ribbon is applied using the supplied portanastrino (ribbon-holder) with either clamp or screw attachment. For multi-ribbon arrangements, mount it on a two-or-more position metal base so ribbons remain aligned and secure during duty or ceremonial use.

Care and notes

Keep the ribbon looking its best with basic care and follow the purchase requirements for reserved items.
