Product short description:

The Patch Pilota Civile Aeronautica is a distinctive aviation patch designed for civil pilots, student pilots and aviation enthusiasts. Crafted from quality materials with a refined, detailed design, it adds a professional touch and serves as a subtle symbol of passion and dedication to the aeronautical community.

- **Material:** Durable, high-quality fabric for a neat, long-lasting finish.
- **Design:** Elegant, detailed motif that captures civil aviation style.
- **Application:** Easy to attach to jackets, backpacks or caps for immediate use.
- **Ideal for:** Pilots, flight students and aviation fans looking to personalise their gear.
- **Style:** Adds a subtle, professional accent to uniforms and casual wear.

Product description:

Product overview

The Patch Pilota Civile Aeronautica is an iron-on embroidered badge designed for civil pilots, aviation enthusiasts, and collectors of tactical or military surplus patches. It is a clear symbol of

the civil pilot role within the aeronautical field, suitable for jackets, backpacks, or uniforms.

Definition: an iron-on embroidered patch showing a yellow-thread eagle on a blue background with a yellow border. The patch measures 9 cm x 5 cm and is offered in limited quantities.

Main features

A clean, durable design made for easy application and everyday wear.

- **Distinctive design:** Blue background with a yellow-bordered edge and a yellow embroidered eagle in flight.
- **Iron-on application:** Thermoadhesive backing for quick attachment with a household iron.
- **Size:** 9 cm x 5 cm — compact and versatile for clothing and gear.
- **Durable materials:** Made with quality threads and backing to resist regular use and washing.
- **Versatile use:** Suitable for aviation, tactical, military surplus collections, duty uniforms, and police or pilot accessories.
- **Limited quantity:** Produced in small runs; stock can run out.

How to use / When it’s useful

Quick answer: place the patch where you want it, cover with a cloth, and press with a hot iron for a few seconds to bond the adhesive. Allow it to cool before handling.

In most cases, the patch works best on cotton and cotton-blend fabrics and is ideal for outerwear, flight jackets, bags, and uniform-style garments. For added durability, stitch around the edges after ironing if the item will be heavily used.

Care and notes

Follow simple care steps to keep the patch looking its best. Handle with care when removing or repositioning.

- Wash garment on a gentle cycle and avoid high-heat drying to preserve colors and adhesive.
- Do not attempt frequent removal — removing the patch may damage the underlying fabric.
- If applying to synthetic or heat-sensitive materials, test a small area first or sew the patch on instead of ironing.
- Limited availability: once stock is depleted, the exact design may no longer be available.

FAQ

Q: How do I apply the Patch Pilota Civile Aeronautica?

A: Position the patch on the clean fabric, cover with a thin cloth, and press firmly with a hot iron for several seconds. Let it cool to set the adhesive. Stitching the edges adds extra security.

Q: Is the patch washable?

A: Yes. The patch is made with quality materials designed to withstand regular washing. Use gentle wash cycles and avoid high heat in the dryer for best results.

Q: Can I remove the patch after applying it?

A: The adhesive is intended for long-lasting attachment. Removing it may damage the fabric beneath, so removal is not recommended.

Q: What are the exact dimensions?

A: The patch measures 9 cm x 5 cm, a compact size suitable for jackets, backpacks, uniforms, and bags.

Q: Is customization available?

A: This product is currently offered only in the standard design featuring the yellow eagle on a blue background with a yellow border.

Q: Will this patch suit tactical or duty gear?

A: Yes. Its durable embroidery and iron-on backing make it suitable for tactical, duty, and police-style outerwear, as well as aviation and military surplus collections.

Tip: Choose the placement and fabric type before applying and consider sewing the edges after ironing for heavy-use items. Browse related patches and accessories to complete a coordinated aviation or tactical set.
