Product short description:

The Gilet MOPC Vegetato is a tactical vest that combines practical organization with a nature-inspired camouflage look. Designed for those who want functional, comfortable outerwear for outdoor activities and fieldwork.

- **Material:** Made from high-quality materials for durability and comfort.
- **Pattern:** Vegetato camouflage inspired by natural tones for discreet outdoor use.
- **Pockets:** Multiple pockets to organize gear and keep essentials within reach.
- **Use:** Suitable for outdoor activities, fieldwork and everyday tactical wear.

Product description:

Product overview

The Gilet MOPC Vegetato is a modular plate carrier designed for tactical operators, police, and outdoor enthusiasts who need a configurable, comfortable duty vest. It fits a range of body sizes and accepts standard plate inserts for front, back and side protection.

Definition: a modular, adjustable plate carrier built for protection, comfort and accessory mounting. The vest uses a M.O.L.L.E vegetato system and durable 1000D nylon construction. Demand can be high, so check stock before ordering.

Main features

Key features focused on modularity, protection and ergonomic fit.

- **Modular panels:** Panels on all sides allow full customization and attachment of pouches and accessories.
- **Adjustable harness and removable straps:** Adaptable harness with removable shoulder straps and Velcro guides for a secure, personalized fit.
- **Plate support:** Designed for front and rear plates up to 25x33 cm and side plates up to 15x20 cm.
- **Quick extraction handle:** Integrated rescue handle for fast, safe extraction in emergencies.
- **Adjustable, removable cummerbund:** Waist adjusts from 76 to 122 cm and includes internal pockets for side protection.
- **Easy plate access:** Pulldown flaps provide fast, tool-free access to plate pockets.
- **Durable materials and M.O.L.L.E:** M.O.L.L.E vegetato webbing and 1000D nylon for long-lasting field use.

How to use / When it’s useful

Quick answer: Wear the vest with properly sized ballistic plates and adjust the harness and cummerbund for a snug, comfortable fit before operations. Secure all buckles and Velcro to prevent shifting during movement.

In most cases, the Gilet MOPC Vegetato is useful for patrols, training, range work and duty use where modular load carriage and plate protection are required. It also works well for military surplus collectors and tactical enthusiasts who need a configurable, hard-wearing vest for field use.

Care and notes

Basic care and common-sense checks will extend the vest’s service life and maintain safe use.

- Check plate compatibility and fit before use; only install plates that match the vest pockets.
- Inspect straps, buckles and Velcro regularly for wear and proper function.
- Clean with a damp cloth and mild soap; avoid harsh chemicals or machine washing.
- Store dry and away from direct heat to protect nylon and stitching.

FAQ

Q: What maximum plate sizes does the vest accept?

A: The vest accepts front and rear plates up to 25x33 cm and side plates up to 15x20 cm. Always verify plate dimensions before installing.

Q: Is the vest adjustable for different body sizes?

A: Yes. The waist is adjustable from 76 to 122 cm and the shoulder straps are removable and adjustable with Velcro guides for a customized fit.

Q: What material is the vest made from?

A: The Gilet MOPC Vegetato is made from 1000D nylon for abrasion resistance and durability in field conditions.

Q: Does the vest include pockets for maps or documents?

A: Yes. There is a front map pocket with hook-and-loop closure plus internal pockets in the cummerbund for side protection inserts.

Q: Is the rescue handle suitable for emergency extraction?

A: The integrated rescue handle is designed to allow a rapid and secure extraction. Ensure the vest is correctly fitted before relying on the handle in rescue scenarios.

Q: Is the vest compatible with M.O.L.L.E accessories?

A: Yes. The vest features a M.O.L.L.E vegetato system for attaching pouches and accessory panels commonly used in tactical, military surplus and police setups.

Tip: Choose the correct size and plate compatibility for your intended use, and browse related tactical and duty gear to build a complete loadout. Check stock availability and product variants before adding to cart.
