- **Camouflage:** Marpat digital woodland pattern provides natural concealment and a contemporary appearance.
- **Pockets:** Multiple pockets offer practical storage for essentials.
- **Fit:** Comfortable cut for freedom of movement during active use.

Product description:

Product overview

The Propper Digital Woodland Marpat pants are durable camouflage trousers designed for outdoor, tactical and work use. They suit hikers, hunters, security and police officers or anyone who needs tough, functional pants for demanding conditions.

Definition: these are rip-stop cotton/polyester pants with reinforced areas and a water- and oil-resistant Teflon (DuPont) finish. Limited stock is available due to high demand.

Main features

Built for durability and practical carry capacity, these pants combine protective fabric with multiple pockets and adjustable fit.

- **Material:** 65% cotton, 35% polyester rip-stop fabric for tear resistance and comfort.
- **Protective finish:** Teflon (DuPont) treatment provides water and oil resistance.
- **Reinforcements:** Extra fabric on knees and the seat for wear resistance in high-stress areas.
- **Pocket layout:** Eight pockets — two front, two rear, two side cargo with velcro flap, and two lower-leg pockets.
- **Adjustable fit:** Front button closure with waist drawstring for a secure, customizable fit.
- **Camouflage:** Digital Woodland Marpat pattern for effective concealment in natural environments.

How to use / When it’s useful

Quick answer: use these pants for hiking, camping, hunting, tactical training, police or duty work where durability and storage matter. The reinforced knees and seat make them suitable for kneeling and prolonged outdoor use.

In most cases, pair them with sturdy boots and a matching jacket or load-bearing gear for full tactical or outdoor functionality. They work year-round when layered appropriately and are a common choice in military surplus and tactical gear collections.

Care and notes

Follow basic garment care to preserve the Teflon finish and fabric strength; avoid harsh treatments that can reduce protection.

- Machine wash cold or hand wash; use gentle detergent.
- Do not use bleach; avoid tumble drying to protect the fabric and finish.
- Fasten velcro flaps and close buttons before washing to prevent snags.

- Available sizes range from S to XXL; use the size guide to choose the correct fit.

FAQ

Q: What sizes are available for the Digital Woodland Marpat pants?

A: Sizes are available from S to XXL. Check the store's size guide to match waist and leg measurements for the best fit.

Q: Are these pants suitable for all seasons?

A: Yes. The rip-stop fabric and Teflon treatment make them usable year-round; layer underneath in cold weather and use alone in milder conditions.

Q: How should I wash these pants?

A: Wash by hand or machine on a low-temperature cycle. Do not use bleach and avoid tumble drying to maintain the water- and oil-resistant finish.

Q: Can I use these pants for military or tactical operations?

A: These pants are designed for heavy-duty outdoor and tactical use and are commonly used in military surplus and duty settings. They are not a certified uniform item unless specified by your organization.

Q: How many pockets do the pants have and what are they for?

A: There are eight pockets: two front, two rear, two side cargo pockets with velcro flaps, and two lower-leg pockets — enough for tools, maps, magazines or personal items.

Q: What is the return policy for this product?

A: The product is covered by a 30-day return policy. If the pants do not meet your expectations, you can return them within 30 days of purchase according to the store's returns procedure.

Tip: Choose your size using the size guide and consider the intended use (tactical, hunting, duty) when selecting fit and layering. Browse matching jackets and gear to complete your setup and ensure compatibility with tactical accessories.
