Product overview

The Nastrino Radarista Tecnico dei Sistemi Elettronici di Comunicazione e di Scoperta –

Operatore di Sistema is a recognition ribbon issued to inspectors and S.A.F. personnel of the Guardia di Finanza who specialize in electronic communication and detection systems. It is intended for serving members and for authorized retention as a service memento.

Definition: a 37 mm regulation ribbon badge that identifies technical specialization in electronic systems for the Guardia di Finanza. Suitable for collectors of military surplus, duty insignia, and police/tactical memorabilia.

Main features

Clean, regulation-grade ribbon design with clear visual symbolism and multiple mounting options to suit single or grouped ribbon mounts.

- Regulation flat format, 37 mm diameter.
- Brown background with two diverging transmission antennas printed in gold-yellow at the center.
- Available in standard flat or slightly domed "Elite" variant.
- Mounting options: clamp (morsetto) or screw attachment selectable at purchase.
- Designed for single-slot ribbon holders; compatible with multi-slot metal bases when mounted together.
- Limited stock availability due to demand and its role as an official recognition ribbon.

How to use / When it’s useful

Quick answer: Wear this nastrino only if you have earned the specified specialization; it is an authorized recognition of technical competence within the Guardia di Finanza. In most cases, the nastrino is issued when the specialization is awarded and may be kept as a memento at the end of service or if the specialization ends without demerit.

Use it on the correct single-slot porta nastrini or grouped metal base for a uniform appearance. Choose the attachment type (clamp or screw) that matches your ribbon mount and select the flat or Elite shape based on personal preference or uniform regulations.

Care and notes

Keep the nastrino in good condition and follow uniform rules for wear and retention. The item is a service recognition and its use should follow authorized guidelines.

- Store dry and avoid abrasive cleaning to preserve print and color.
- Select the correct attachment type (clamp or screw) for your ribbon holder before ordering.
- Authorized for wear upon achievement of the specialization; permitted as a memento after service or when specialization ends without demerit.
- Limited availability — consider your desired variant (flat or Elite) when ordering.

FAQ

Q: Who may wear the Nastrino Radarista Tecnico Sistemi Elettronici Comunicazione GdF?

A: The ribbon is reserved for Guardia di Finanza inspectors specialized in electronic systems and S.A.F. personnel with the System Operator specialization. Wear is tied to holding the qualifying specialization.

Q: What are the dimensions of the nastrino?

A: The nastrino is offered in the regulation flat format with a 37 mm diameter. An Elite slightly domed variant is also available.

Q: Which attachment options are available?

A: You can choose between clamp (morsetto) or screw attachments at checkout to match your porta nastrini or mounting preference.

Q: Can I keep the nastrino as a personal memento after service?

A: Yes. It is permitted to retain the nastrino as a souvenir at the end of an assignment or if the specialization is lost without demerit, following applicable rules.

Q: How do I mount the nastrino on a multi-place ribbon holder?

A: The nastrino can be mounted on two- or multi-slot metal bases designed for grouped ribbons; choose the correct attachment and spacing to ensure a uniform, professional look.

Q: Is the nastrino currently in stock?

A: Availability is limited due to demand. If stock is low, choose your preferred variant promptly and check related ribbon holders to complete your setup.

Tip: Choose the correct attachment type (clamp or screw) and the flat or Elite variant before adding to cart. Browse matching porta nastrini and related duty/police insignia to complete a professional display.
