Product short description:

The Ghillie Suit Completo Cecchino Sniper is a full camouflage suit designed for users who need maximum concealment. It blends into natural environments with a realistic, detailed appearance and is ideal for hunters, airsoft players and birdwatchers.

- **Material:** Lightweight, breathable construction for extended wear and ventilation.
- **Use:** Designed for hunting, airsoft, birdwatching and general outdoor observation.
- **Design:** Realistic, detailed foliage pattern and texture to help break up the human silhouette.
- **Fit:** Full-coverage suit that allows freedom of movement while remaining discreet in the field.

Product description:

Product overview

The Ghillie Suit Completo Cecchino Sniper is a three-piece camouflage set for hunters, airsoft players, and outdoor enthusiasts who need professional-style concealment. Definition: a ghillie

suit is a camouflage outfit designed to break up the human outline and blend into natural surroundings.

This ready-to-wear kit includes a jacket, pants and hood with a mesh lining and flame-retardant PP fur for longer use. It is designed for woodland environments and is useful for tactical, hunting, military surplus and police duty training scenarios.

Main features

Practical, lightweight and easy to carry—this ghillie suit gives full-body coverage and quick deployment in the field.

- **Three-piece set:** jacket, pants and hood for full coverage.
- **Mesh lining with flame-retardant PP fur:** built for safety and durability (not a guarantee of fireproof performance).
- **Woodland camo in seven tones:** designed to blend into forested and mixed-vegetation areas.
- **Ready to wear:** no assembly required; put on and go.
- **Carry bag included:** fabric drawstring bag for transport and storage.
- **Available sizes:** M/L (Chest 101 cm, Waist up to 106 cm); XL/XXL (Chest 121 cm, Waist up to 107 cm).

How to use / When it’s useful

Quick answer: put on the jacket, pants and hood over your clothing for immediate camouflage during hunting, airsoft, or observation. The suit is intended for use in woodland and similar outdoor environments.

In most cases, wear the hood and position the camouflage fibers over natural foliage to break up your silhouette. It is also suitable for tactical training, military surplus gear collections, and police duty exercises where concealment is needed.

Care and notes

Basic care extends the life of the suit and keeps the flame-retardant material effective.

- Store dry in the included drawstring bag when not in use.
- Spot clean with mild detergent and air dry; avoid high heat and direct flames.
- Do not assume the suit is fully fireproof—keep away from open flames and hot sources.
- Check seams and fibers before each use and repair loose sections as needed.

FAQ

Q: Is the ghillie suit flame resistant?

A: The suit uses flame-retardant polypropylene (PP) fibers in the lining for improved safety. It is not fireproof—avoid open flames and high heat.

Q: What sizes are available?

A: Two size ranges are offered: M/L with Chest 101 cm and Waist up to 106 cm; XL/XXL with Chest 121 cm and Waist up to 107 cm.

Q: Is the suit easy to transport?

A: Yes. The set comes with a fabric drawstring bag for compact storage and convenient transport to field locations.

Q: Can I use this suit outside of woodland areas?

A: The seven-tone woodland camo is optimized for forested and mixed-vegetation environments but can work in many natural settings depending on local foliage.

Q: Is assembly required?

A: No assembly is required. The three-piece set is ready to wear straight from the bag for quick deployment.

Q: Is this suit suitable for tactical or police training?

A: Yes. Its concealment design and practical features make it suitable for tactical drills, duty training, and simulation exercises where camouflage is needed.

Tip: Choose the size that best matches your chest and waist measurements and keep the drawstring bag handy for storage. Also consider browsing related tactical and military surplus items to complete your field kit.
