- **Type:** Folding flipper knife for quick one-handed opening
- **Finish:** Satin blade finish
- **Use:** Everyday carry, camping, and general cutting tasks
- **Ideal for:** EDC enthusiasts, outdoor users, and field work

Product description:

Product overview

The Coltello Magnum Green Flipper Satinato is a folding pocket knife designed for everyday

carry, tactical and duty use, and collectors who value durable, functional tools. Definition: a compact folding knife with a satin 440A steel blade and textured green G-10 handle for a secure grip.

Lightweight and well balanced, this knife suits outdoor tasks, daily cutting needs, and tactical/military surplus or police gear collections. It combines corrosion-resistant blade steel with an ergonomic handle and a pocket clip for convenient carry.

Main features

Key features that make this knife practical for daily carry and tactical use:

- **G-10 handle:** Textured green scales provide a secure, comfortable grip even in wet conditions.
- **440A satin blade:** Satin-finished 440A stainless steel offers good corrosion resistance and edge retention.
- **Handle size:** 11 cm handle length with 1.5 cm thickness for a comfortable hold.
- **Manual flipper opening:** Simple, reliable manual opening action for quick deployment.
- **Pocket clip:** Sturdy clip secures the knife to a pocket or belt edge for easy access.
- **Weight:** 155 g — light enough for everyday carry without sacrificing durability.

How to use / When it’s useful

Quick answer: Use it as a daily carry folding knife for cutting tasks, light fieldwork, and general utility. It is suitable for users who need a compact, reliable blade for tactical, duty, or outdoor situations.

In most cases, the Coltello Magnum Green Flipper Satinato performs well for opening packages, cutting cordage, food prep while camping, and routine tasks around the workshop or vehicle. Its pocket clip makes it easy to carry on duty belts or in civilian pockets.

Care and notes

Basic care keeps the knife reliable and extends blade life:

- Clean the blade with a damp cloth and dry immediately to prevent surface corrosion.
- Do not soak the knife; wipe the handle dry after use to protect the G-10 scales.
- The blade in 440A steel can be sharpened with a standard knife sharpener as needed.
- No protective sheath is included; use the pocket clip for carry and store safely when not in use.

FAQ

Q: What is the total length of the knife?

A: The total length when open is approximately 20 cm. This measurement is approximate and intended for general reference.

Q: Is the knife suitable for left-handed users?

A: Yes. The handle is ergonomically shaped to work for both right- and left-handed users.

Q: How should I clean the knife?

A: Wipe the blade with a damp cloth and dry it immediately to reduce the risk of rust. Clean the handle with a dry cloth.

Q: Does the knife come with a sheath?

A: No. The knife does not include a sheath, but it is fitted with a pocket clip for secure carry on a pocket or belt edge.

Q: Can the blade be sharpened?

A: Yes. The 440A stainless steel blade can be sharpened using a standard knife sharpener or sharpening stones.

Q: Is the blade corrosion-resistant?

A: The 440A steel used for the blade offers good resistance to corrosion, but regular cleaning and drying are recommended to maintain the finish and performance.

Tip: Choose the right carry style for your needs (pocket clip or protective pouch) and check related tactical and military surplus knives in our store to compare sizes and features before buying.
