How to use / When it’s useful

Use the fascia to restore or upgrade the edge of the stiff service cap as part of routine uniform maintenance or before formal events. Quick answer: it is intended to be attached to the cap edge and is simple to fit without special tools.

In most cases, this trim is used for parade dress, duty uniforms, repairs or when replacing a worn cap edge. It is a practical option for military surplus collectors and personnel maintaining a tidy, regulation appearance.

Care and notes

Basic care and practical notes to preserve the fascia’s appearance and fit:

- Spot clean gently; avoid soaking or aggressive washing to preserve color and texture.
- Store flat and away from direct sunlight to prevent fading or deformation.
- Measure and check fit before cutting—price is per metre and trimmed lengths are final.
- Availability is limited due to high demand; order the required length when possible.

FAQ
