- **Use:** Mount on uniforms, jackets, caps, or display in a collection.
- **Symbol:** Represents the infantry and numeral 59, a mark of courage and dedication.
- **Gift:** Ideal for collectors and military history fans.

Product description:

Product overview

The Pulce Numerale 59 Fregio Fanteria is a small metal numeral disc designed for the 59° Fanteria Meccanizzata Calabria beret badge (fregio basco). It is intended for military personnel, collectors, and anyone restoring or customizing service headgear.

Definition: a silvered, burnished metal disc stamped with the numeral 59, fitted with two side tabs to secure it to the badge number mount. Suitable for military surplus, tactical, duty, and police gear restoration or display.

Main features

Compact, durable, and simple to fit, this numeral disc adds an authentic touch to the 59° Fanteria Meccanizzata Calabria beret badge.

- **Material:** silvered, burnished metal for a durable finish.
- **Design:** precision-engraved numeral "59".
- **Fastening:** two lateral tabs to insert into the badge number mount and fold for secure fixing.
- **Size:** 0.9 cm diameter, compact and low-profile.
- **Historic value:** suitable for collectors and period-accurate restorations.

How to use / When it’s useful

Quick answer: insert the two side tabs into the holes of the badge number mount on the fregio basco, then fold the tabs back to lock the disc in place. The small size ensures it sits flush without making the badge bulky.

In most cases, this pulce is used to replace a worn numeral or to complete a beret badge for display, reenactment, or active duty use. It is especially useful for collectors restoring 59° Fanteria Meccanizzata Calabria insignia and for tactical or duty headgear needing a correct numeral detail.

Care and notes

Basic care keeps the disc looking good and lasting longer; handle tabs carefully when fitting to avoid bending the badge mount.

- Handle the tabs gently when inserting and folding to avoid deforming the mount.
- Wipe with a soft, dry cloth to remove fingerprints and light dirt.
- Keep in a dry place to prevent surface changes over time.
- Availability is limited; consider ordering promptly if you need an exact match for the 59° Fanteria Meccanizzata Calabria fregio basco.

FAQ

Q: What diameter is the Pulce Numerale 59?

A: The disc measures 0.9 cm in diameter, designed to fit standard number mounts on the 59° Fanteria Meccanizzata Calabria beret badge.

Q: How does the pulce attach to the badge?

A: It has two lateral tabs that are inserted into the holes on the badge number mount and then folded back to secure the disc.

Q: What material is the disc made of?

A: The pulce is made of silvered, burnished metal, chosen for durability and a traditional appearance.

Q: Is this suitable for collectors?

A: Yes. Its authentic look and precise numeral engraving make it appropriate for collectors and historical restorations.

Q: Can I use this on other beret badges?

A: It is made specifically for the 59° Fanteria Meccanizzata Calabria fregio basco; compatibility with other badges depends on the mount hole spacing and size.

Q: Is the product in stock?

A: Stock is limited and demand can be high; if you require this exact numeral, it is advisable to order soon.

Tip: Choose the correct diameter and check the hole spacing on your fregio basco before ordering; browse related military surplus and tactical accessories to complete your restoration or duty kit.
