Product short description:

Fascetta Metallo 1941 is a robust metal clamp designed for secure fastening in industrial and domestic projects. Ideal for technicians, DIYers and maintenance teams who need reliable, long-lasting fixes.

- **Material:** Corrosion-resistant metal made for durability and prolonged service life.
- **Use:** Suitable for a wide range of industrial and household fastening tasks where stability is required.
- **Design:** Versatile, easy-to-install profile that adapts to different mounting needs with precision.
- **Performance:** Provides secure, stable holding to reduce maintenance and improve safety over time.

Product description:

Product overview

The Fascetta Metallo 1941 is a burnished metal campaign bar intended for veterans, collectors,

and anyone who displays military memorabilia. It is designed to attach to the 1940–43 commemorative medal ribbon as a visible marker of service in 1941.

Definition: the Fascetta Metallo 1941 is a burnished metal medal bar engraved with the year "1941" and a laurel motif. Suitable for military collectible displays, military surplus collections, and tactical memorabilia presentations.

Main features

Key design and fit features at a glance:

- **Material and finish:** burnished metal with a classic antique look.
- **Design:** laurel wreath motif surrounding the engraved year "1941".
- **Attachment:** rear needle clasp for secure, easy fitting to the ribbon.
- **Size:** 4 cm L x 0.6 cm H, sized for clear visibility.
- **Compatibility:** specifically made to fit the 1940–43 commemorative ribbon.

How to use / When it’s useful

Quick answer: slide the needle clasp through the medal ribbon and secure the fastening so the bar sits flat and centered. Use it on display ribbons, uniform mounts, or framed shadow boxes to mark the 1941 campaign year.

In most cases, the bar is fitted to the 1940–43 commemorative ribbon; verify ribbon width and position before final fastening. It is useful for veterans’ remembrances, historical displays, and collectors assembling period-accurate medal sets.

Care and notes

Keep the fascetta in good condition with simple, careful maintenance:

- Clean gently with a soft, dry cloth to remove dust; avoid abrasive cleaners.
- Store in a dry place to prevent tarnishing or moisture damage.
- Handle the needle clasp with care — the pin is sharp and should be secured to avoid fabric damage.
- Check the clasp regularly for a secure fit before wearing or displaying.

FAQ

Q: What are the dimensions of the Fascetta Metallo 1941?

A: The bar measures 4 cm long and 0.6 cm high. These dimensions were chosen for clear visibility on the 1940–43 commemorative ribbon.

Q: How do I attach the fascetta to a ribbon?

A: Use the rear needle clasp: push the pin through the ribbon fabric and secure it so the bar sits flat. Ensure the ribbon material can accept a pin without damage.

Q: Will this fascetta fit other commemorative medals?

A: It is designed for the 1940–43 commemorative ribbon. It may fit other ribbons of similar width, but always check measurements before attaching.

Q: Is the Fascetta Metallo 1941 an original wartime item?

A: This product is a commemorative bar made with an authentic-style design and artisan finish. It is intended as memorabilia rather than a documented wartime artifact.

Q: Can I buy the fascetta online?

A: Yes, the fascetta is available for purchase through our e-commerce site while quantities last. Stock levels are limited due to demand.

Q: How should I clean and store the bar?

A: Wipe with a soft, dry cloth and avoid chemical cleaners. Store in a dry, padded case or display box to protect the finish and the pin.

Tip: Check the ribbon width and the fascetta dimensions before ordering to ensure a proper fit; consider browsing related medal bars and ribbons to complete your display or collection.
