Product short description:

The Fascetta Metallo 1942 is a heavy-duty stainless steel clamp for reliable fastening in industrial and DIY projects. Made for tradespeople, technicians and serious hobbyists who need a durable, practical fastening solution.

- **Material:** High-quality stainless steel for long-lasting performance.
- **Use:** Secure clamping in industrial, workshop and home projects.
- **Design:** Simple, functional shape allows quick, straightforward installation.
- **Fit:** Adapts easily to a range of sizes and shapes.
- **Model:** Fascetta Metallo 1942.

Product description:

Product overview

The Fascetta Metallo 1942 is a burnished metal campaign bar for collectors and military history enthusiasts. It is suited to military surplus collectors, tactical gear fans, and those who collect duty or police memorabilia.

Definition: a burnished metal laurel campaign bar engraved with the year 1942, designed to fit the ribbon of the 1940–43 commemorative medal. This faithful reproduction represents the period detail for display, restoration, or collection use.

Main features

Clear, durable design that reproduces the wartime campaign bar in a compact format.

- **Material:** burnished metal for long-lasting finish and visual authenticity.
- **Historic design:** laurel wreath with the year **1942** engraved on the band.
- **Attachment:** rear pin fastener for secure fit to the medal ribbon.
- **Dimensions:** 4 cm length x 0.6 cm height, suitable for ribbon display or storage.
- **Compatibility:** intended for use with the 1940–43 commemorative medal ribbon.
- **Limited availability:** produced in small quantities, recommended for collectors.

How to use / When it’s useful

Quick answer: attach the Fascetta Metallo 1942 to the ribbon using the rear pin fastener so it sits centered on the medal ribbon. It is useful for repairing or restoring ribbon displays, for museum mounts, and for private collections.

In most cases, the bar is used as a decorative campaign indicator on the 1940–43 commemorative medal ribbon. It also works well in display cases, historical exhibits, and for reenactment uniforms where period-correct details are required.

Care and notes

Keep the fascetta in a dry place and handle the pin with care; the piece is a reproduction made for display and collection rather than active field use.

- Avoid abrasive cleaners—use a soft cloth to remove dust.
- Store in a dry, cool place to prevent surface changes.
- Check the rear pin before mounting to avoid damaging the ribbon material.
- Small part / sharp pin: keep out of reach of children.

FAQ

Q: What are the dimensions of the Fascetta Metallo 1942?

A: The bar measures 4 cm in length and 0.6 cm in height. These dimensions match typical campaign bars for ribbon display.

Q: What material is the bar made from?

A: It is made from burnished metal, chosen for a period-appropriate look and durability.

Q: How is the fascetta attached to the ribbon?

A: It uses a rear pin fastener. Insert the pin through the ribbon and secure it so the bar sits flat and centered on the medal ribbon.

Q: Is this an original wartime piece?

A: No. This item is a faithful reproduction of the original campaign bar, produced to represent the 1942 campaign detail accurately.

Q: Will it fit the 1940–43 commemorative medal ribbon?

A: Yes. The fascetta was designed specifically for use on the 1940–43 commemorative medal ribbon and is compatible with standard ribbon widths for that medal.

Q: Is the fascetta widely available?

A: Availability is limited and demand is high among collectors. If you need one for a restoration or display, consider ordering soon.

Tip: Choose the correct size and check the pin attachment before mounting. Browse related items such as medal ribbons, display mounts, or storage boxes to complete your collection without rushing the selection.
