Product features:

Product short description:

The Fascetta Metallo 1944 is a sturdy, reusable metal clamp for organizing and securing cables, hoses and other items. Made from high-quality metal, it provides a secure hold and a clean, minimalist appearance suitable for both home and professional use. Easy to use and designed for repeated application, it helps keep workspaces tidy while adding a simple, refined touch.

- **Material:** High-quality metal construction for reliable fastening.
- **Use:** Ideal for managing cables, tubes and other objects that require a firm hold.
- **Design:** Elegant, minimal style that fits domestic and professional environments.
- **Reusable:** Easy to apply and reuse for practical, long-term organization.
