How to use / When it’s useful

Attach the ribbon using the chosen portanastrino (clamp or screw) to match your uniform fastening method. Choose the flat regulatory style for standard dress or the Elite variant for a slightly more pronounced appearance.

FAQ

Q: What size is the ribbon?

A: The ribbon is the regulatory 37 mm width. This is the only size offered for this specific service

ribbon.

Q: What is the Elite variant?

A: The Elite variant is a slightly domed (curved) version of the ribbon that gives a subtle, more pronounced finish compared with the flat regulatory style.

Q: Which mounting options are available?

A: You can choose a portanastrino with either a clamp (morsetto) attachment or screw (viti) attachment at the time of purchase to suit your uniform or display.

Q: Can I mount multiple ribbons together?

A: Yes. The ribbon can be fitted on a metal base designed for two or more ribbons so several ribbons sit on a single metal mount for a neat display.

Q: Is this ribbon suitable for everyday duty wear?

A: The ribbon is intended as a service recognition item and may be worn according to your department’s uniform regulations for duty or ceremonial use.

Q: Is the ribbon in stock?
