Product short description:

The 19-Slot Ribbon Organizer is a compact storage accessory for DIY and sewing enthusiasts that neatly stores and displays ribbons and tapes. Made from robust, durable materials, it holds up to 19 ribbons of different widths and keeps supplies accessible while reducing clutter to help maintain a tidy, stylish workspace.

- **Capacity:** Holds up to 19 ribbons or tapes of various sizes.
- **Material:** Built from sturdy, durable materials for regular use.
- **Design:** Compact, functional layout fits easily on shelves, worktables or in craft cabinets.
- **Use:** Ideal for sewing, crafting and other DIY projects to keep ribbons organized and within reach.

Product description:

Product overview

The Porta Nastrini a 19 Posti is a compact metal rack for organizing ribbon bars, designed for hobbyists, uniformed personnel, and anyone who stores multiple 37 millimeter ribbons. It keeps

up to nineteen ribbon bars tidy and readily accessible at home, in a workshop, or on duty.

Definition: a metal holder that secures nineteen 37 mm ribbon bars in a neat, easy-to-access row.

Main features

Durable, simple to mount and sized for standard 37 mm ribbons—built for everyday use in tactical, military surplus, duty, or police storage setups.

- **Robust metal construction:** built to resist daily wear and provide long-lasting support.
- **Holds 19 ribbons:** dedicated slots for nineteen 37 mm ribbon bars.
- **Two mounting options:** rear clip (morsetti) or screw mounts—choose via the dropdown menu.
- **Quick access:** pre-drilled holes allow fast insertion and removal of ribbons.
- **Rust-resistant finish:** treated metal helps prevent corrosion for longer life.

How to use / When it’s useful

Use the Porta Nastrini when you need a compact, visible way to store and display multiple ribbon bars—at home, in a workshop, or on a duty shelf. Select the mounting type (clip or screws) from the dropdown to fit your surface and installation preference.

Quick answer: install with the clip for temporary or removable mounting, or use screws for a fixed, stable setup. In most cases, the unit is ready for standard 37 mm ribbons and allows fast swapping during organization or inspection.

Care and notes

Minor care extends service life—keep the holder dry and check fixing hardware regularly.

- Wipe with a dry or slightly damp cloth; avoid harsh chemicals.
- Choose the clip or screw variant that matches your mounting surface.
- Verify ribbon size before purchase: designed for 37 millimeter ribbons.
- Check and tighten mounting hardware periodically for secure display.

FAQ

Q: What are the exact dimensions of the Porta Nastrini a 19 Posti?

A: Exact product dimensions are listed on the technical sheet in the product page. Please check that section for precise measurements before purchase.

Q: Can I mount the holder on any surface?

A: Yes. The holder is available with a rear clip for clamping or with screw holes for fixed mounting, so it can be attached to a variety of surfaces depending on the chosen variant.

Q: Is it compatible with ribbon sizes other than 37 millimeters?

A: The holder is designed specifically for 37 mm ribbon bars. It may fit ribbons of similar dimensions, but compatibility is not guaranteed for significantly different sizes.

Q: Is the metal treated to resist rust?

A: Yes. The metal finish is treated to offer resistance to rust and corrosion under normal indoor use.

Q: Is installation difficult?

A: No. The product includes installation instructions. The clip option is quick to attach, while the screw option requires basic tools for a permanent mount.

Q: How many ribbon bars does it hold?

A: It holds nineteen ribbon bars arranged in a single row, keeping them organized and easy to access.

Tip: Choose the correct mounting variant (clip or screws) from the dropdown and confirm your ribbon size (37 mm) before adding to cart; also browse related tactical and military surplus storage items to complete your setup.
