### Product overview

The Tubolarino Luogotenente Esercito for Mimetica is a low-visibility rank sleeve for the Italian Army, designed for personnel who wear the mimetica vegetata uniform. It is intended for service use and for verified collectors with the proper permits.

Definition: a heat-welded olive-green tubolarino that displays the Luogotenente rank (three bars and a five-point star) and integrates with the Army vegetated camouflage. Keywords: tactical, military surplus, duty uniform.

**Main features**

Compact, service-oriented design with durable materials that match the Esercito vegetata pattern and military wear requirements.

- **Low-visibility construction:** olive-green heat-welded sheath for reduced visibility on mimetica vegetata.
- **Luogotenente rank design:** three bars edged in dark red with black speckling, topped by a five-point black plastic star edged in dark red.
- **Star size:** plastic star measures 10 mm in diameter.
- **Durable materials:** designed for long-term wear and resistance to normal operational use.
- **Reserved distribution:** sold only to Army personnel and verified collectors (see purchase requirements).
- **Easy application:** simple to attach to the uniform where authorized.

**How to use / When it’s useful**

Use the tubolarino on the mimetica vegetata uniform in the position required by your unit’s dress regulations. It is made to blend with the camouflage and reduce visual contrast during field activities.

Quick answer: attach the tubolarino where your unit’s uniform rules specify to show Luogotenente rank. In most cases, it is applied to the sleeve area of the mimetica vegetata and is suitable for routine duty and field use.

**Care and notes**

Maintain the tubolarino with basic care to preserve appearance and function; treat it like other uniform insignia.

- Clean with a soft cloth and mild soap; avoid aggressive solvents or abrasive cleaning.
- Store dry and away from direct heat to preserve the heat-welded sheath and plastic star.
- Sale is restricted: purchase requires a copy of your military ID card or the barracks address at checkout.
- Collectors must provide a prefectoral license in accordance with art. 28 TULPS to complete the purchase.

## FAQ

**Q:** Who can buy the Tubolarino Luogotenente Esercito for Mimetica?

**A:** Only active Esercito personnel and collectors with a valid prefectoral license (art. 28 TULPS) may purchase this item. Verification documents are required before shipping.

**Q:** What documents are required to complete the purchase?

**A:** Service members must upload a copy of their service ID card or provide the barracks address as the delivery location. Collectors must upload their prefectoral license.

**Q:** Is this tubolarino compatible with all camouflage types?

**A:** It is specifically designed for the Esercito vegetata mimetica. Use with other patterns may not provide the intended low-visibility effect.

**Q:** What are the materials and durability?

**A:** The tubolarino is made with a heat-welded olive-green sheath and a plastic five-point star. It is built for routine duty and normal field wear.

**Q:** How large is the star on the tubolarino?

**A:** The five-point black plastic star measures 10 mm in size, edged in dark red as described in the product details.

**Q:** How do I apply the tubolarino to the uniform?

**A:** The design allows easy application to the mimetica vegetata in the authorized location. Follow your unit’s uniform regulations for exact placement.

**Tip:** Choose the correct variant or size according to your unit rules and upload the required documents during checkout. Browse related tactical and military surplus items to complete your uniform set.
