Product short description:

A rubberized, injection-molded polymer holster designed for professionals and enthusiasts who need secure, comfortable carry.

- **Model:** Fondina Polimero Gommato Stampata Iniezione Bungy
- **Material:** High-quality polymer with a rubberized finish for durability and resistance to wear.
- **Construction:** Injection-molded manufacturing ensures consistent shape retention and long service life.
- **Fit:** Ergonomic profile provides a stable, comfortable fit and reliable firearm retention.
- **Use:** Suitable for professional duty and civilian carry, offering discreet and efficient performance.

Product description:

Product overview

The Fondina Polimero Gommato Stampata Iniezione Bungy is a rubberized, injection-molded polymer holster designed for general pistol carry. It is intended for civilian shooters, tactical users,

and duty personnel who need a simple, adaptable retention solution.

Definition: a rubberized injection-molded polymer holster with an elastic Bungy retention cord for secure, adjustable carry. This holster pairs well with tactical, duty, police, and military surplus gear.

Main features

Compact and versatile, the holster combines secure Bungy retention with adjustable mounting for multiple carry setups.

- **Universal fit:** Designed to accept most pistol models through elastic retention.
- **Secure retention:** Elastic Bungy cord keeps the pistol snug and helps prevent accidental disengagement.
- **Adjustable rear mount:** Fits regular belts and wider duty belts for comfortable carry.
- **M.O.L.L.E. compatible:** Works with M.O.L.L.E. attachments for modular kit setups and gibernaggi.
- **Durable construction:** Rubberized polymer, injection molded for consistent shape and wear resistance.
- **Available colors:** Black, TAN, and Green to match different kits and uniforms.

How to use / When it’s useful

Quick answer: Use this holster when you need a simple, adjustable option that mounts to a belt or M.O.L.L.E. platform. Slide the pistol in, secure the Bungy cord, and adjust the rear mount to your belt width.

In most cases, it is useful for everyday training, range use, or field work where a low-profile, universal holster is preferred. The M.O.L.L.E. compatibility makes it a practical choice for tactical vests and pack setups.

Care and notes

Basic care keeps the holster functioning and extends its service life; inspect retention and mounting before each use.

- Wipe clean with a damp cloth; avoid strong solvents or abrasive cleaners.
- Check the Bungy cord and mounting hardware regularly for wear or loosening.
- Confirm fit and retention with your specific pistol before routine carry.
- Designed for general-purpose use; do not rely on it as the only safety device for unattended firearms.

FAQ

Q: Is this holster really compatible with every pistol?

A: The holster uses an elastic Bungy cord for retention and fits a wide range of pistols. Always verify fit with your specific model before regular use.

Q: Can I use it on a standard belt?

A: Yes. The rear mount is adjustable to fit regular belts and wider duty belts for stable carry.

Q: What colors are available?

A: The holster is offered in Black, TAN, and Green to match different uniforms and tactical setups.

Q: Is it compatible with M.O.L.L.E. systems?

A: Yes. The holster is designed to work with M.O.L.L.E. attachments used on vests and pack gibernaggi for modular mounting.

Q: How durable is the rubberized polymer?

A: The injection-molded rubberized polymer provides solid wear resistance and consistent shape. Inspect periodically for damage or excessive wear.

Q: Can I carry this holster for duty or tactical use?

A: It is suitable for many duty and tactical scenarios, especially where modular M.O.L.L.E. mounting or a low-profile holster is preferred. Confirm retention and comfort in your intended use before relying on it in critical situations.

Tip: Choose the color that best matches your kit and check belt width before ordering; consider browsing related tactical holsters and M.O.L.L.E. accessories to complete your setup.
