How to use / When it’s useful

Quick answer: Wear the nastrino on service uniforms, use it for formal ceremonies, or add it to a collector’s display. In most cases, select the attachment type (clamp or screw) that matches your uniform or display mounting method.

For uniforms, attach the nastrino using the chosen portanastrino fittings so it sits securely on the chest. For collections or multi-award displays, order the multi-position metal base to join several ribbons cleanly on a single mount.

Care and notes

Basic care keeps the nastrino looking its best without special maintenance.

- Store in a dry place away from prolonged sunlight to avoid fading.
- Clean gently with a soft, damp cloth; avoid harsh chemicals or abrasive cleaners.
- Confirm the 37 mm size and chosen attachment (clamp or screw) before ordering.
- Note availability may be limited; delivery times depend on stock and chosen shipping method.
