Product short description:

Nastrini Regolari 7 Posti Vigili del Fuoco are seven-place ribbon bars for firefighters and supporters of the corps. They complete the uniform and act as a respectful symbol of dedication and service.

- **Material:** Made from high-quality materials for a neat, professional appearance.
- **Use:** Intended to be worn on formal uniforms or presented as recognition of service.
- **Durability:** Designed to retain color and shape over time with normal use.
- **Occasion:** Suitable for official ceremonies, parades, and award presentations.

Product description:

Product overview

Nastrini Regolari a 7 Posti Vigili del Fuoco is a ribbon bar designed for firefighters and uniformed personnel who need a professional way to display service ribbons and decorations. It is aimed at duty, police, and military surplus users seeking a neat, formal ribbon display.

A ribbon bar is a fabric-mounted set of ribbon mounts worn on a uniform to show awards or

service. This version features a black cloth backing and a secure rear attachment for stable mounting.

Main features

Clean, durable construction made for formal uniforms and ceremonial use.

- **Black cloth backing:** refined, professional look that fits formal uniforms.
- **7-position layout:** designed to hold up to seven ribbon units; the original description mentioned five in some places, so please verify the exact variant before ordering.
- **Rear attachment with screws or clamps:** secure mounting system—check the supplied fasteners when you receive the item.
- **Durable materials:** built to resist daily wear and keep appearance over time.
- **Easy installation:** quick to fit to a uniform, ideal for ceremonies and duty use.
- **Limited availability:** high demand can affect stock, so ordering promptly is advised.

How to use / When it’s useful

Use the ribbon bar on service dress, formal uniforms, or display panels to keep ribbons aligned and visible. It’s suitable for firefighters, police, military surplus collectors, and tactical/duty uniforms.

Quick answer: attach the bar to the uniform using the rear screws or clamps, aligning it with the standard ribbon area. In most cases, the bar provides a tidy single-row display; confirm whether you need a 5- or 7-position variant before purchase.

Care and notes

Simple upkeep will keep the ribbon bar looking its best and ensure secure attachment during use.

- Keep dry and avoid prolonged exposure to heat or direct sunlight.
- Do not use harsh solvents or abrasive cleaners on the fabric or fasteners.
- Check screws or clamps periodically to ensure a secure fit.
- Store flat to avoid bending the backing or mounts.

FAQ

Q: How do I install the ribbon bar?

A: Installation is straightforward: position the bar on the uniform, then secure it with the rear screws or clamps provided. Tighten fasteners to prevent shifting.

Q: What material are the ribbon bars made of?

A: The bar uses a black cloth backing with durable mounting materials. It is made to resist normal wear while maintaining a formal appearance.

Q: How many ribbons can I display at once?

A: The product is listed as a 7-position ribbon bar. The original description contained conflicting references to five positions, so please confirm the exact variant before ordering.

Q: Are these suitable for all uniforms?

A: Yes, the black cloth and classic layout are compatible with most formal uniforms used by firefighters, police, and other uniformed services. Verify placement rules for your service.

Q: Can I buy more than one set?

A: Yes, multiple sets can be purchased. Note that stock is limited due to demand, so order additional units early if needed.

Q: What is included with the ribbon bar?

A: The item includes the ribbon bar with black backing and the rear mounting hardware supplied with that batch (screws or clamps). Inspect the package on arrival to confirm the fasteners provided.

Tip: Choose the correct variant (5- or 7-position) for your needs and check the supplied fasteners on delivery. Browse related ribbon bars and uniform accessories to match color, size, and mounting style for a coordinated duty or ceremonial setup.
