- **Craftsmanship:** Hand-finished with attention to detail; faithful to the historic appearance.
- **Use:** Suited to collections, uniform display and gifting.
- **Condition:** Sold as a collectible accessory; not an official army-issued item.

Product description:

Product overview

The Pulce Fregio Basco 46 Fanteria is a metal numeral disk made for collectors, restorers, and military gear enthusiasts who want an accurate-looking detail for the 46° Fanteria Reggio beret badge. It is intended for use on the specific beret badge mount of the 46° Fanteria Reggio.

Definition: a 0.9 cm silvered, patinated metal disk stamped with the numeral 46 and fitted with two folding tabs to secure it to the badge mount. Suitable for military surplus collectors, tactical gear restorations, and duty dress displays.

Main features

Compact and durable, this numeral disk adds a refined detail to the correct badge mount without altering the badge's overall look.

- **High-quality material:** silvered, patinated metal for a professional finish and good durability.
- **Distinctive marking:** engraved numeral 46 matching the 46° Fanteria Reggio designation.
- **Easy installation:** two side tabs insert into the badge portanumero and fold to secure.
- **Compact size:** diameter 0.9 cm — small and unobtrusive.
- **Suitable uses:** ideal for collectors, historical reenactors, and those restoring military surplus or tactical/duty equipment.

How to use / When it's useful

Quick answer: insert the two side tabs into the holes of the badge's portanumero and fold them back to lock the disk in place. Handle gently while folding to avoid bending the badge or tabs.

In most cases, this disk is used to restore or complete a beret badge for display, collection, or ceremonial wear. It is designed specifically for the 46° Fanteria Reggio badge and is not a universal fit for all beret badges.

Care and notes

Keep the disk clean and store it dry to preserve the patina and metal finish.

- Wipe with a soft cloth; avoid strong chemical cleaners.
- Designed for the 46° Fanteria Reggio beret badge—verify fit before permanent installation.
- Tabs must be folded carefully to ensure a secure, stable fit.
- Limited stock is available; consider ordering promptly if you need this exact item.

FAQ

Q: How do I attach the Pulce Fregio Basco 46 Fanteria?

A: Insert the two side tabs into the holes of the portanumero on the beret badge, then fold the tabs back to lock the disk in place. Use gentle, even pressure to avoid deforming the badge.

Q: What material is the disk made of?

A: The disk is made of silvered, patinated metal. The finish is intended to offer a professional look and reasonable resistance to wear when handled and stored properly.

Q: What are the dimensions of the numeral disk?

A: Diameter: 0.9 cm. The compact size makes the numeral discreet while remaining clearly visible on the badge.

Q: Will it fit any beret badge?

A: No. This disk is designed specifically for the portanumero of the 46° Fanteria Reggio beret badge. Check your badge's mounting holes before purchase to confirm compatibility.

Q: Is this an official issued item?

A: This is an accessory intended for collectors and restorers to fit the 46° Fanteria Reggio badge. For questions about official issue items, consult the relevant corps or an authorized source.

Q: How should I care for the disk to keep it looking good?

A: Clean gently with a soft, dry or slightly damp cloth. Avoid abrasive cleaners or prolonged exposure to moisture which can affect the finish over time.

Tip: Before ordering, verify the badge portanumero size and confirm this 0.9 cm disk is the correct fit for your 46° Fanteria Reggio beret badge. Browse related military surplus and tactical gear items to complete your display or restoration set. Strongly consider purchasing soon if you need this specific numeral, as stock is limited.
