How to use / When it’s useful

Quick answer: insert the two side tabs into the holes of the porta numero on the basco fregio, then fold the tabs back to lock the disc in place. The disc is meant as the finishing detail for the 4° Reggimento Genova Cavalleria cap badge.

In most cases, this dischetto is used when replacing a worn numeral, restoring a historical uniform, or completing a tactical/duty cap for display or service use. Note that it is specifically designed for the fregio basco of the 4° Reggimento and fit on other badges is not guaranteed.
