operational suits and duty uniforms with a Velcro rear for quick attachment and removal.

Definition: a shield-shaped unit patch, embroidered with unit insignia and a Velcro backing for easy fitting. Suitable for tactical, military surplus, and police equipment use.

Main features

Clean, durable embroidery and a practical shield shape make this patch a clear identifier for Tuscania personnel or a collectible piece for licensed owners.

- **Distinctive design:** shield (scudo sannitico) split into three sections with the six-line parachute embroidered in white on black at the top center, a yellow lightning bolt on a blue field to the right, and the Carabinieri silver grenade on red to the left; topped by a red band reading "1° TUSCANIA".
- **High-quality materials:** embroidered construction built for durability and wear resistance.
- **Velcro rear:** easy to apply and remove from operational suits and tactical gear.
- **Two finish options:** high-visibility color and subdued/obscured format selectable from the product menu.
- **Compact size:** 4.5 cm width × 9 cm height — sized to be visible but not bulky on a uniform.

How to use / When it’s useful

Attach the patch to the Velcro loop area of your operational suit or tactical vest; it fits standard Velcro panels on duty and police uniforms. Quick answer: align, press firmly, and the patch is ready for wear.

Use it for unit identification during service, for authorized display on tactical or duty gear, or as a verified collector’s item. In most cases, the patch is removed before laundering garments with heat or heavy cleaning to preserve embroidery.

Care and notes

Basic care extends the patch life and keeps the Velcro functional; observe restrictions on sale and required documentation before purchase.

- Keep Velcro free of lint and debris to maintain adhesion.
- Remove patch before machine washing uniforms when possible to protect stitching.
- Sale restricted: available only to Carabinieri personnel and verified collectors (see documents required).
- Collectors must provide a prefectoral license (licenza prefettizia ex art. 28 TULPS) as proof.
