Product short description:

The Borsone Trolley Vegetato Defcon 5 is a wheeled duffel in vegetato camouflage, designed for travelers, outdoor enthusiasts and field users who need a durable, practical bag.

- **Material:** Made from durable, high-quality fabrics for long-lasting use.
- **Storage:** Spacious main compartment to carry clothing and personal gear.
- **Camouflage:** Vegetato pattern for effective concealment in many natural environments.
- **Mobility:** Robust wheels and a telescopic handle ensure easy, comfortable transport.
- **Use:** Suitable for hikes, travel and outdoor missions where functionality and durability matter.

Product description:

Product overview

The Borsone Trolley Vegetato Defcon 5 is a 70-litre tactical duffel designed for military professionals, outdoor enthusiasts, and duty users who need a durable, transportable bag. It combines a water-repellent 600 Denier nylon shell with wheels and shoulder straps for flexible

carry options.

Definition: a heavy-duty, wheeled military-style duffel with integrated backpack straps for versatile transport. Suitable for tactical, military surplus, and travel use.

Main features

Built for durability and practical organization, this trolley duffel balances rugged construction with easy handling.

- **Durable material:** Constructed from nylon 600 Denier for abrasion resistance and long service life.
- **Water-repellent finish:** Treated fabric helps keep contents dry in wet conditions (not fully waterproof).
- **70-litre capacity:** Large central compartment for clothing, equipment, and gear.
- **Dual carry options:** Adjustable shoulder straps allow backpack-style carry; removable/wheel use with telescopic handle for rolling.
- **Reinforced base:** Stiff, reinforced bottom for stability and protection of contents.
- **High-quality zippers:** YKK zippers for smoother operation and durability.

How to use / When it’s useful

Use this duffel for deployments, long hikes, camping trips, or travel where a rugged, spacious bag is needed. It fits heavy kit and bulky clothing, and converts from wheeled luggage to a backpack when terrain gets rough.

Quick answer: roll it on smooth surfaces, switch to shoulder straps for uneven ground. In most cases, use the central main pocket for bulk items and smaller pouches for accessories to keep gear accessible.

Care and notes

Simple care extends the life of the bag—keep it clean, dry, and avoid prolonged exposure to harsh sunlight when possible.

- Dimensions: 80 cm x 36 cm x 25 cm; Weight: 3 Kg.
- Color: Vegetato (camouflage style) for natural environments.
- Water-repellent, not fully waterproof—avoid submersion and use a dry bag for electronics or important documents.
- Check and clean zippers and wheels regularly to prevent dirt build-up.

FAQ

Q: Is the bag waterproof?

A: The fabric is treated to be water-repellent and will shed light rain, but the bag is not fully waterproof or submersible. Use additional protection for sensitive items.

Q: What is the capacity of the duffel?

A: The Borsone Trolley Vegetato Defcon 5 holds about 70 litres, suitable for full gear, clothing, and outdoor equipment.

Q: Can I carry it as a backpack?

A: Yes. It has integrated, adjustable shoulder straps so you can wear it like a backpack when wheels are impractical.

Q: Are the zippers durable?

A: The bag uses YKK zippers, known for reliable performance and longevity under regular use.

Q: What are the bag dimensions and weight?

A: The bag measures 80 cm x 36 cm x 25 cm and weighs approximately 3 Kg when empty.

Q: Is this suitable for travel and military use?

A: Yes. The design suits military and tactical needs as well as travel—wheels and a telescopic handle make airport travel easier, while the rugged build fits field use.

Tip: Choose the bag variant that fits your typical load and consider packing cubes or dry bags for better organization and protection. Browse related tactical and travel gear to complete your kit.
