How to use / When it’s useful

Quick answer: attach the patch to the shoulder area of the UNUCI ordinary uniform using the rear velcro for a secure fit. The velcro allows fast application and removal without permanent alteration to the garment.

In most cases, the patch is used for official gatherings, association events, memorials and situations where retired officers need clear identification. It also pairs well with duty-style jackets and other military surplus clothing when regulations permit.

Care and notes

Handle the patch as a removable uniform accessory and follow basic care to preserve stitching and colors.
