Quick answer: Use the Bandiera Marina Militare for official ceremonies, base displays, and formal naval events where an authentic, regulation flag is required. The sewn loop and cord allow secure mounting on standard flagpoles and staffs.

In most cases, choose the size that fits your mast or indoor display area; larger dimensions suit outdoor flagpoles and parades, smaller sizes work for indoor halls and offices. This flag is appropriate for institutional duty, ceremonial presentations, and archival or representational purposes within military contexts.

Care and notes

Keep the flag clean and stored dry when not in use to preserve wool fibers and the printed or embroidered emblem. Follow these practical care points:

- Brush or air the flag after outdoor use to remove dust and moisture.
- Store flat or rolled in a dry, ventilated place to avoid mildew and creasing.
- Do not attempt custom modifications; the product is produced to legal specifications and is not customizable.
- Availability is limited and supply is intended for institutional military purchasers only.
