Product features:

Product short description:

Fascetta Metallo ISAF is a stainless-steel clamp designed for professionals, mechanics and DIY enthusiasts who need a reliable, long-lasting fastening solution. It delivers consistent holding power across industrial, automotive and repair tasks.

- **Material:** High-quality stainless steel for strength and resistance to corrosion, ensuring long service life.
- **Use:** Ideal for industrial, automotive and home repair applications requiring a secure clamp.
- **Adjustment:** Offers precise tightening and simple adjustment for a secure, tailored fit.
- **Durability:** Robust construction maintains clamping force under demanding conditions.
- **Outdoor-ready:** Corrosion-resistant finish makes it suitable for outdoor and exposed environments.
