Product short description:

The Porta Mappa Avvolgibile Cordura Vegetata is a roll-up Cordura map case designed for outdoor enthusiasts and field users who need secure, organized storage for maps and small essentials.

- **Material:** Durable Cordura fabric protects maps from wear during hikes and travel.
- **Pattern:** Vegetata camouflage blends with natural surroundings for discreet use in the field.
- **Design:** Roll-up construction keeps maps compact and easy to carry.
- **Closure & Storage:** Secure closure and additional pockets hold small items and keep contents organized.
- **Use:** Ideal for hikers, explorers and field personnel needing quick access to maps.

Product description:

Product overview

The Roll-Up Map Holder in Vegetated Cordura is a rugged map sleeve made for tactical users, military and police personnel, and outdoor navigators who need fast, organized access to maps

and small navigation tools. It fits on packs, vests or belts and is built for field use.

Definition: a removable vinyl map sleeve housed in a 1000 Denier vegetated Cordura roll-up cover for secure map storage and quick reading. Constructed from 1000D Cordura and vinyl to resist abrasion and adverse weather, this item is in limited supply due to strong demand.

Main features

Key features at a glance—durable materials, practical storage and flexible mounting options for tactical, military surplus and police use.

- **Removable vinyl roll-up sleeve** for easy map viewing; overall sleeve size 32 x 45 cm.
- **Internal vinyl pocket** sized 12 x 12 cm for documents, coordinates or small navigation tools.
- **Adjustable elastic retainers** on the sides to secure contents during movement.
- **Modular rear spring-style attachments** to fasten the holder to backpacks, plate carriers or belts.
- **1000 Denier vegetated Cordura** exterior for high abrasion resistance and camouflage appearance.
- **Fixing strap** to keep the roll securely closed when not in use.

How to use / When it’s useful

Quick answer: roll it up and secure it to your kit, or remove the vinyl sleeve and unroll for quick map reading in the field. The sleeve keeps maps readable and protected while allowing rapid access.

In most cases, attach the holder to tactical webbing or a belt using the rear attachments, or place it inside a pack. Remove the vinyl insert to consult maps at eye level or keep smaller documents in the internal pocket for immediate reference.

Care and notes

Basic care preserves performance and extends service life—clean gently and avoid prolonged exposure to water and extreme heat.

- Wipe vinyl and Cordura with a damp cloth; air dry completely before storage.
- Materials are water-resistant but not guaranteed fully waterproof—avoid prolonged immersion.
- Check attachments and elastic retainers regularly for wear and replace if damaged.
- Avoid direct contact with open flames and harsh chemicals to prevent damage.

FAQ

Q: What are the outer dimensions of the map holder?

A: The removable vinyl sleeve measures 32 x 45 cm overall. The holder is designed to accommodate common map sizes while remaining compact on kit.

Q: How large is the internal pocket?

A: The internal vinyl pocket is 12 x 12 cm, suitable for small documents, coordinate cards or compact navigation tools.

Q: Is the map holder waterproof?

A: The vinyl sleeve and 1000D Cordura exterior provide water resistance and weather protection. They are not guaranteed fully waterproof under prolonged immersion.

Q: How do the rear attachments work?

A: The unit has modular spring-style rear attachments that secure it to backpacks, vests or belts. They allow repositioning and removal as needed.

Q: Is this suitable for military or police use?

A: Yes. Its robust construction, camouflage Cordura and secure mounting options make it suitable for tactical, military and police applications where reliable map access is required.

Q: Can I remove the vinyl sleeve for easier reading?

A: Yes. The vinyl sleeve is removable to allow unrolling and easier consultation of maps away from mounted equipment.

Tip: Choose the size or variant that best fits your maps and kit, and browse related tactical map holders and accessories to complete your setup.
