How to use / When it’s useful

Place the ribbon on the left chest, above the jacket pocket, aligned with any other authorized ribbons. It is intended for everyday duty use as well as for ceremonies and formal representation when the Elite variant is preferred.

Quick answer: Only Polizia Locale della Regione Toscana staff awarded merit by their Comando/Ente may wear this ribbon. In most cases, wear it above the left chest pocket, neatly aligned and fixed with the chosen support for a clean, disciplined look.

Care and notes

Maintain a neat mounted appearance and follow your Comando’s internal rules for authorization and display.

- Verify the ribbon is authorized in your service records before wearing.
- Avoid improvised mounting: use the correct clip or screw support to preserve alignment and symmetry.
- Choose clamps for quick removal or screws for a more permanent fit.
- For multiple ribbons, use a multiposition base for consistent alignment and stability.

Tip: Choose the format (regulation flat or Elite domed) and the fixing type (clamps or screws) based on your duty and representation needs; check authorization in your service records and consider a multiposition base if you display several ribbons.
