Product short description:

The Porta Nastrini 10 Posti is a compact ribbon organizer for hobbyists, crafters and parents who want a tidy, accessible solution. It stores up to ten ribbons so you can quickly find the colour and pattern you need. Practical and straightforward, it keeps ribbons within reach and reduces clutter.

- **Material:** Constructed from quality materials to protect ribbons during regular use.
- **Capacity:** Ten dedicated positions keep ribbons separated and ready for projects.
- **Use:** Suited to craft rooms, workshops, classrooms and children's rooms.
- **Design:** Compact, space-saving profile fits shelves, tables or workstations.
- **Care:** Easy to maintain; dust or wipe with a slightly damp cloth if necessary.

Product description:

Product overview

The Porta Nastrini 10 Posti is a metal rack designed to store and display up to ten ribbon bars, ideal for collectors, uniformed personnel, and anyone needing neat ribbon organization. Definition: a 10-slot metal holder made for 37 millimeter ribbon bars.

Choose between a rear clip (morsetti) or screw mount via the dropdown. The unit keeps ribbons organized and ready for display or uniform preparation and fits standard 37 mm ribbons commonly used in tactical, military surplus, and duty/police gear collections.

Main features

Key features that make this holder practical and durable.

- **Sturdy metal construction:** Built for long-lasting use.
- **Holds 10 ribbon bars:** One row with ten preset holes for ribbon insertion.
- **Two attachment options:** Rear clip (morsetti) or screw mount, selectable at purchase.
- **37 mm compatibility:** Designed specifically for 37 millimeter ribbon bars.
- **Standard metallic finish:** Neutral look suitable for home, office, or display cases.

How to use / When it’s useful

Quick answer: select the attachment type (clip or screws), insert each 37 mm ribbon into the corresponding hole, and mount or place the rack where needed. The clip option is useful for removable displays; the screw option secures the holder to a wall or board.

In most cases, this rack is used for organizing dress ribbons before donning a uniform, for display in a collection, or for orderly storage in a kit area. It works well alongside other tactical and military surplus accessories when you need a compact, visible solution for ribbons.

Care and notes

Basic care keeps the holder looking and performing well.

- Wipe with a damp cloth and dry immediately to avoid water marks or surface corrosion.
- Avoid abrasive cleaners or sharp tools that could scratch the metal finish.
- Designed for 37 mm ribbons only; other sizes may not fit securely.
- Available in the standard metallic finish; select clip or screw attachment when ordering.
- Stock may be limited—check availability before finalizing bulk purchases.

FAQ

Q: What are the exact dimensions of the Porta Nastrini 10 Posti?

A: The holder is sized to accept 37 millimeter ribbon bars in ten positions. Exact external dimensions are designed around that format; contact us if you need precise measurements for mounting.

Q: Can I mount the ribbon holder on a wall?

A: Yes. If you select the screw-mounted version, the holder can be fixed to a wall or board using the included screws.

Q: Is the holder available in other colors?

A: Currently the product is offered in the standard metallic finish only. Color options are not available at this time.

Q: Will it work with ribbon bars of different sizes?

A: The holder is specifically designed for 37 mm ribbon bars. Using ribbons of other sizes may result in loose fit or poor alignment.

Q: What is the recommended cleaning method?

A: Clean with a damp cloth and dry immediately. Avoid abrasive cleaners to preserve the metal finish and reduce the risk of corrosion.

Q: Are clips or screws included with the purchase?

A: The chosen attachment type (rear clips or screws) is provided according to your selection in the dropdown menu. Verify your choice before checkout.

Tip: Choose the attachment variant that matches how you plan to use the holder (clip for removable displays, screws for fixed mounting). Consider browsing related tactical and military surplus accessories to complete your uniform or display setup.
