Definition: a 100% acrylic knitted beanie with an embroidered Polizia di Stato cuff and authenticity hologram.

Sold through Tutto Militare with identity verification, this tactical-style beanie suits police duty, winter patrols and other cold-weather assignments where a discreet, uniform-compatible headcover is required.

Main features

Key features that combine function, durability and official representation:

- **Material:** 100% acrylic knit for warmth and wear resistance.
- **Design:** Navy color and simple, one-size design for a professional uniform match.
- **Embroidered cuff:** Official Polizia di Stato embroidery on the fold for clear identification.
- **Authenticity:** Each beanie includes an official Polizia di Stato hologram to confirm genuineness.
- **Fit:** One size intended to fit most users comfortably during duty or patrol.

How to use / When it’s useful

Wear the beanie folded at the cuff so the Polizia di Stato embroidery is visible; it works well under helmets or alone for warmth and a neat uniform look. Use it in cold, windy or damp conditions where head insulation and a professional appearance are required.

Quick answer: The beanie is intended for active Polizia di Stato personnel only. In most cases, purchase requires registration and verification of service status by providing identification or by selecting the police station as the delivery point for confirmation.

Care and notes

Simple care keeps the knit in good condition and preserves the embroidered badge and hologram.

- Hand wash or gentle machine wash on a low cycle; reshape and air dry.
- Avoid high heat when drying or ironing to protect the acrylic fibers and embroidery.
- Reserved sale: purchase is restricted to Polizia di Stato personnel and requires document verification.
- Limited availability: stock may be limited due to demand.
