Product short description:

Pulce Numerale 33 Nembo is a compact, refined accessory for anyone who wants a subtle, distinctive touch to their attire. Designed for everyday wear, it pairs understated elegance with practical versatility for both casual and formal occasions.

- **Material:** Made from quality materials with a refined finish for reliable, long-lasting wear.
- **Design:** Small, tasteful profile that complements jackets, lapels or other garments without overpowering your look.
- **Use:** Suitable as a wearable accent or a collectible emblem to personalize your style.
- **Statement:** A discreet symbol of personality and timeless charm, ideal for those who prefer subtle details.

Product description:

Product overview

The Pulce Numerale 33 Nembo is a small metal numeral badge designed for the beret badge (fregio basco) of the 33° Compagnia, Divisione Nembo. It is aimed at military personnel,

collectors, and buyers of tactical or military surplus and duty gear who want a precise, unit-specific detail for a uniform.

Definition: a 0.9 cm silvered burnished metal disc with the engraved number 33 and two fastening tabs for insertion into the beret badge mount.

Main features

Compact, durable and easy to attach, this numeral disc adds a discreet unit identifier to compatible beret badges used in tactical, military surplus and duty or police uniforms.

- **Material:** silvered burnished metal for a refined, matte look.
- **Size:** 0.9 cm diameter — small and unobtrusive.
- **Design:** precisely engraved numeral "33" on a round disc.
- **Fastening:** two lateral tabs for insertion and bending to secure in the badge mount.
- **Fit:** made for the 33° Compagnia Divisione Nembo beret badge; may fit other compatible mounts.
- **Availability:** limited stock due to high demand.

How to use / When it’s useful

Quick answer: insert the two tabs into the holes on the beret badge's number holder and bend them gently to lock the disc in place. This provides a simple and reliable fix for parades, duty, or display uniforms.

In most cases, the pulce stays secure during regular use; check the fit before field use. It is useful when you need a clean, low-profile unit identifier on tactical or military surplus headgear.

Care and notes

Keep the badge clean and handle the tabs carefully when fitting or removing to preserve the finish and ensure a lasting attachment.

- Wipe with a soft, dry cloth to remove dirt; avoid abrasive cleaners.
- When fitting, bend the tabs gently—do not force them to avoid damage.
- Designed for use with compatible beret badge mounts; verify fit before permanent installation.
- Limited quantities available; purchase promptly if you need a specific piece for a uniform or collection.

FAQ

Q: How do I apply the Pulce Numerale 33 Nembo?

A: Insert the two side tabs into the holes of the beret badge number holder, then bend the tabs gently to lock the disc. Check the secure fit before wearing.

Q: What material is the pulce made of?

A: It is made of silvered burnished metal, chosen for durability and a refined, low-gloss appearance.

Q: What are the dimensions?

A: The disc measures 0.9 cm in diameter, making it discreet while still clearly showing the numeral 33.

Q: Will it fit other uniforms or badge types?

A: It is designed for the 33° Compagnia Divisione Nembo beret badge but can fit other mounts with compatible holes. Always verify fit before final installation.

Q: How should I care for the badge finish?

A: Clean with a soft, dry cloth and avoid abrasive or chemical cleaners. Handle tabs gently to preserve the finish and shape.

Q: Is the item always in stock?

A: Stock is limited and demand can be high. If you need one for a uniform or collection, it is advisable to order soon.

Tip: Choose the correct variant or check compatibility with your beret badge mount before purchase; browse related tactical and military surplus items to find matching insignia and fittings for a consistent uniform look.
