Product overview

The Medaglia Alluvione 2000 is a commemorative medal for military, civil protection and volunteer personnel involved in flood relief operations in Italy during September–November 2000. It is intended for veterans, collectors, and organizations wishing to recognize service during those emergency operations.

Definition: a bronze commemorative medal issued to honor participation in the flood emergency response of September–November 2000, awarded by the Presidenza del Consiglio dei Ministri and the Dipartimento della Protezione Civile.

Main features

Well-made and faithful to the original design, this medal is suitable for display, uniforms, or collection within military surplus and tactical memorabilia.

- **Material:** patinated bronze for durability and a traditional finish.
- **Diameter:** approximately 35–37 mm (sources list 35 mm; standard issue often cited as 37 mm).
- **Weight:** about 22 grams.
- **Attachment:** cloth ribbon mount for easy wearing and removal.
- **Front design:** emblem of the Repubblica Italiana with "Benemerenza" and the inscriptions for Presidente del Consiglio dei Ministri and Dipartimento della Protezione Civile.
- **Reverse design:** relief matching the diploma background and the edge inscription noting the flood emergency and participation in civil protection interventions.
- **Ribbon:** blue ribbon with two outer yellow stripes, each approximately 8 mm wide.

How to use / When it’s useful

Quick answer: wear or display the medal as a formal recognition of flood relief service, or keep it as part of a collection of military and civil protection memorabilia. It fits uniform dress or a framed display.

In most cases, buyers are veterans, family members, museums, and collectors seeking authentic-looking military surplus or police and duty-related recognitions. Use it for ceremonies, displays, or archival purposes rather than as active duty equipment.

Care and notes

Keep the medal in good condition with gentle care appropriate for patinated bronze.

- Store in a dry, temperature-stable place to avoid corrosion.
- Clean gently with a soft cloth; avoid abrasive cleaners that can remove patina.
- Handle by the ribbon or edges to preserve surface details.
- Availability is limited; items are offered while stocks last.

FAQ

Q: What material is the Medaglia Alluvione 2000 made of?

A: The medal is made of patinated bronze, chosen for durability and a traditional appearance.

The patina should be treated gently when cleaning.

Q: What is the diameter of the medal?

A: The recorded diameter is approximately 35 mm, while some sources list the standard issue as 37 mm. We list the size as about 35–37 mm to reflect both references.
