- **Fit:** Adjustable strap provides a comfortable, secure fit on belts or other gear.
- **Ideal for:** Security personnel and anyone who wants their tools within easy reach.

Product description:

Product overview

The Porta Manganello Porta Pila in Cordura webbing is a belt-mounted holder designed for police, security officers, and outdoor enthusiasts who need quick access to a baton or flashlight. It fits most duty belts and offers a practical way to carry a baton or torch securely on patrol, at work, or in the field.

Definition: a durable Cordura webbing holder with a 35 mm internal plastic ring and snap closure for safe, easy carry. Suitable for tactical, military surplus, duty, and police use while also serving hikers and campers.

Main features

Built for durability and straightforward use, this holder combines Cordura webbing, a sturdy plastic ring and a snap closure to keep equipment secure and accessible.

- **Cordura webbing** construction for abrasion, tear and weather resistance.
- **35 mm internal plastic ring** to hold most batons and flashlights securely.
- **Snap/button closure** for fast attachment to most belts and stable retention during movement.
- Available colors: black, green, white and blue to match uniforms or gear.
- Compact, low-profile design for duty, tactical or outdoor carry.

How to use / When it’s useful

Slide the holder over your belt and fasten the snap to secure it in place; insert the baton or flashlight into the plastic ring so the tool is held firmly but can be retrieved quickly. Use on duty belts, patrol gear or outdoor belts where rapid access is needed.

Quick answer: it holds most standard batons and torches with a 35 mm internal ring. In most cases, the snap closure adapts to different belt types and keeps the holder stable during active movement.

Care and notes

Simple care keeps the holder functional and extends its service life. Follow these basic guidelines to maintain material and fit.

- Clean with a damp cloth and mild soap; rinse and air dry.
- Avoid strong chemicals or solvents that can damage Cordura and plastic components.
- Check the snap regularly to ensure secure attachment to the belt.
- Confirm the 35 mm ring diameter fits your specific baton or flashlight before purchase.

FAQ

Q: What size is the plastic ring?

A: The internal diameter of the plastic ring is 35 mm, suitable for most standard batons and handheld flashlights.

Q: What material is the holder made of?

A: The holder is made from Cordura webbing for improved resistance to abrasion, tearing and general wear in outdoor and duty use.

Q: Which colors are available?

A: The product is available in black, green, white and blue to match uniforms or personal gear preferences.

Q: Can I attach this to any belt?

A: Yes, the snap/button closure is designed to fit most belts used in duty and outdoor settings. Verify your belt thickness if it is unusually wide or thin.

Q: How do I clean the holder?

A: Wipe with a damp cloth and mild soap, then air dry. Avoid bleach, strong solvents or abrasive cleaners that could damage Cordura or the plastic ring.

Q: Who is this holder best suited for?

A: It is ideal for police, security personnel, patrol officers, and outdoor users such as hikers and campers who need a reliable way to carry a baton or flashlight.

Tip: Choose the color and confirm the 35 mm ring fits your baton or torch before ordering; consider browsing related tactical and duty accessories to complete your setup.
