Product overview

The Carl Friedrich Wilhelm Wander Education ribbon is a historically inspired ribbon for collectors, reenactors, and military surplus enthusiasts who want an accurate reproduction of the ribbon that once accompanied the Carl Friedrich Wilhelm Wander medal. Definition: this product

is a reproduction ribbon that faithfully replicates the German flag colors used for the original medal ribbon.

Available in two formats—standard flat and slightly domed “Elite”—the ribbon includes a choice of rear attachment (clamps or screws) and can be mounted on multi-slot ribbon bars for display on uniform mounts, tactical collections, or police/duty presentations.

Main features

Key features designed for display, durability, and collector use:

- **Historical design:** Faithful reproduction of the German flag colors used with the original Wander medal ribbon.
- **High-quality materials:** Durable construction meant for long-term display and handling.
- **Two formats:** Standard flat and slightly domed Elite finish to match different presentation preferences.
- **Customizable attachment:** Choose rear clamps or screws for secure mounting.
- **Ribbon-bar compatible:** Fits two-or-more slot ribbon mounts to group multiple ribbons on a single metal base.
- **Collector-focused availability:** Limited stock due to demand—suitable for collectors of military surplus, tactical memorabilia, and historical uniforms.

How to use / When it’s useful

Quick answer: use the ribbon to restore or replicate period medal displays, to mount on ribbon bars, or to add an authentic touch to a historical collection. In most cases, choose the attachment type (clamps or screws) that matches your ribbon bar or display base.

The flat format works well for traditional displays and storage in albums, while the slightly domed Elite variant gives a subtle, raised look on uniform mounts or tactical collections. Ideal for collectors, museums, reenactors, and police or duty display cases.

Care and notes

Simple care keeps the ribbon looking its best and ensures a secure fit on display mounts.

- Store in a dry, cool place away from direct sunlight to preserve colors.
- Confirm the attachment option (clamps or screws) before ordering to match your ribbon bar.
- When mounting, tighten screws or clamps securely but avoid over-torquing to prevent damage.
- Availability can be limited; check stock and estimated delivery when ordering.

FAQ

Q: What sizes or formats are available?

A: The ribbon is available in a standard flat format and a slightly domed Elite variant. Choose the format that best matches your display or uniform requirements.

Q: How do I fix the ribbon to a ribbon bar?

A: You can select a rear attachment with clamps or screws. Pick the option in the product menu that matches your ribbon bar or display base.

Q: Can I order multiple ribbons together?

A: Yes. The ribbon can be mounted on two-or-more slot ribbon bars so multiple ribbons can be displayed together on a single metal base.

Q: What materials are used?

A: The ribbon is made from durable materials intended for display and long-term use. It is produced to reproduce the original appearance rather than being an original historic textile.

Q: Is this an original medal or an authentic period piece?

A: This product is a reproduction ribbon that replicates the original colors and look; it is not the original medal itself or a verified period-issued artifact.

Q: How long does delivery take?

A: Delivery times vary by stock levels and shipping destination. Check the product availability and shipping estimates when placing your order.

Tip: Choose the correct format (flat or Elite) and the appropriate attachment (clamps or screws) before adding the ribbon to your cart; consider viewing matching ribbon bars or related military surplus and tactical display items to complete your presentation.
