Product short description:

The Pendaglio Ispettori Polizia Penitenziaria is a prestige pendant for inspectors of the Polizia Penitenziaria, designed to reflect their commitment and dedication in daily service.

- **Material:** Manufactured from high-quality materials for a refined appearance.
- **Use:** Intended for daily wear by inspectors and staff in the penitentiary sector.
- **Design:** Elegant, distinctive style that conveys professionalism, authority and respect.
- **Durability:** Built to be resistant and long-lasting under regular use.
- **Gift:** Suitable as a personal item or a tangible recognition of service in security and justice.

Product description:

Product overview

The Pendaglio Ispettori Polizia Penitenziaria is a duty accessory designed for inspectors of the Polizia Penitenziaria. It combines an identification pendant style with functional attachments for secure use on uniform belts and coats.

Definition: a durable silvered ribbon pendant with metal fittings, swivel hook and chain made for police duty wear. Suitable for tactical and military surplus applications where a professional, reliable attachment is required.

Main features

Designed for daily use on uniformed duty, this pendant balances formal appearance with robust construction.

- **Ribbon:** silver fabric, 21 mm wide and 140 cm long, with 1 mm blue center and black edge threadings.
- **Reinforcement rivets:** four silvered metal rivets located 5 cm and 15 cm from each end for added strength.
- **Sliding loop:** made from the same ribbon to position the pendant and route the strap through buckles or belt attachments.
- **Double buckle:** two ovals 30 x 35 mm, 4 mm thick, joined by 8 x 6 mm metal segments and a central pin to support the prongs and ribbon.
- **Swivel hook (moschettone):** 40 mm long, rotates for flexibility and connects via a link sized for the ribbon.
- **Chain:** five trapezoid round-wire links of decreasing size joined by tube joints for smooth movement.
- **End fittings:** fixed-link hook on the first chain link and a flat hook on the last link for easy attachment to belt or coat ring.

How to use / When it’s useful

Quick answer: attach the pendant to the trousers’ belt when wearing only the uniform, or fix it to the internal coat ring when the coat is worn. The design allows fast, secure attachment and smooth movement during duty.

In most cases, inspectors use the moschettone and double buckle to secure the pendant to the belt, or the flat hook to clip to the coat ring. The sliding loop helps position the pendant so it sits neatly without obstructing movement.

Care and notes

Simple maintenance extends service life and keeps the pendant presentable on duty.

- Wipe metal parts with a soft cloth; avoid abrasive cleaners that may damage the silvered finish.
- Keep textile ribbon dry and brush off dirt; check rivets and stitching periodically for wear.
- Store in a dry place to reduce risk of corrosion; prolonged exposure to salts or chemicals may affect finish.
- Inspect hooks and buckles before use and do not use the pendant if any part is bent or damaged to ensure safety on duty.

FAQ

Q: What are the ribbon dimensions?

A: The ribbon is 21 mm wide and 140 cm long, sized for comfortable fit on uniform trousers and coat attachments.

Q: What materials are used for the metal parts?

A: Metal components such as buckles, hooks and chain are made in a silvered metal finish designed for wear resistance and longevity.

Q: How is the pendant worn?

A: It can be clipped to the trousers' belt using the moschettone and double buckle, or attached to the internal coat ring with the flat hook when wearing a coat.

Q: Is this pendant compatible with all uniform configurations?

A: Yes, it is designed to adapt to common uniform setups for inspectors of the Polizia Penitenziaria and similar duty uniforms.

Q: Is the pendant durable for daily duty use?

A: Yes. The combination of a reinforced ribbon with metal rivets and silvered metal fittings provides durability for regular use when maintained correctly.

Q: How do I attach it quickly on shift?

A: Use the swivel moschettone or flat hook to clip onto the belt or coat ring; the sliding loop helps position and secure the ribbon without extra tools.

Tip: Choose the correct variant or size for your uniform style and inspect fittings before service. Browse related tactical and duty accessories to complete your uniform set while ensuring compatibility and proper fit.
