Product short description:

Tubolari Sergente Maggiore Esercito are tubular rank insignia for Esercito uniforms, ideal for personnel, uniformed services, and collectors who want a professional, authentic look. They feature durable construction and a neat finish, and are simple to attach to official dress.

- **Material:** Durable construction designed for long-term use.
- **Design:** Clean, refined finish with attention to detail reflecting the rank.
- **Fit:** Easy to apply and compatible with official uniform sleeves and dress garments.
- **Use:** Suitable for service dress, formal occasions, and collectors seeking authentic accoutrements.

Product description:

Product overview

This is a pair of plastic tubolari (sleeve rank insignia) for the rank Sergente Maggiore Esercito,

intended for serving military personnel who need correct rank identification on duty uniforms. Definition: tubolari are stitched or fitted sleeve insignia used on shirts, sweaters and service jackets to show rank.

Made with a thermosealed sheath and durable plastic elements, these tubolari display the official V-shaped arrangement of two galloncini and one gallone in gold, set in a gold frame with black speckling. They are offered in variants for different uniform items and are reserved for active members of the military.

Main features

Clear, durable insignia designed for duty uniforms, with precise dimensions and two color options to match shirt, sweater or jacket use.

- **Official design:** Gold frame with black speckling containing two galloncini and one gallone arranged in a V with the point down.
- **Material:** Plastic inside a thermosealed sheath for longevity and resistance to wear.
- **Dimensions:** Galloni and galloncini total width 4.5 cm; vertical wing length 3.5 cm; 2 mm black-bordered spacing between stripes.
- **Two variants:** khaki background for shirt and sweater, black background for service jacket.
- **Restricted sale:** Available only to active military personnel after verification.

How to use / When it’s useful

Quick answer: attach the tubolari to the sleeve area specified by your uniform regulations—khaki for shirt/sweater, black for the service jacket. These insignia are useful anytime you need clear, regulation-compliant rank display on duty or official occasions.

In most cases, installation follows standard sleeve or jacket placement for rank tubolari; confirm exact positioning with your unit's dress rules. Use the variant that matches the garment color for a professional, duty-ready look.

Care and notes

Basic care keeps the tubolari legible and intact during regular use; follow these handling notes and verify eligibility before purchase.

- Store dry and avoid prolonged exposure to extreme heat or solvents to protect the thermosealed sheath.
- Clean gently with a damp cloth; do not machine-wash attached to delicate garments.
- Sales reserved to active military personnel—purchase requires submission of service documentation or ID for verification.
- Availability is limited; orders are verified before approval and shipment to the registered delivery address (barracks can be used and verified at registration).

FAQ

Q: Who can purchase the Sergente Maggiore Esercito tubolari?

A: Only active military personnel can purchase these tubolari. Sale is subject to verification of service documentation or a service ID.

Q: Which color variants are available?

A: Two variants are offered: khaki background for shirt and sweater, and black background for the service jacket to match duty uniforms.

Q: What are the exact dimensions?

A: Galloni and galloncini have a total width of 4.5 cm. The vertical wings measure 3.5 cm and the spacing between stripes is 2 mm, bordered in black.

Q: How do I submit my service proof for purchase?

A: Submit a copy of your service certificate or service ID through the site’s contact/verification area or indicate your barracks as the delivery address during account registration; verification is completed before purchase is allowed.

Q: What material are the tubolari made of and are they durable?

A: The tubolari are made of plastic within a thermosealed sheath. They are built to resist regular duty use and demanding conditions when cared for properly.

Q: Is stock limited?

A: Yes. These tubolari are produced in limited quantities and demand is high; availability can be restricted until verification is completed.

Tip: Choose the variant that matches the garment you will wear (khaki for shirts/sweaters, black for service jackets) and add the item to your cart while completing the required service verification; also browse related tactical and military surplus insignia for matching accessories.
